In a futuristic world of the late 21st century, an ageing woman and her girlfriends decide to share the same man.

Millions of men have renounced relationships in favour of robots. But most women still crave relationships with real humans.

Meet Angelique: her friends think she's nuts - and they're not far wrong. She decides to share her man with her best friend. Then her best friend meets a sensual woman in her 70s, with a fetish for domination. What ensues is a crazy series of adventures (and misadventures). It all escalates when Angelique meets a shy, submissive woman who wants to break out of her shell - someone who can become her slave.

Available on Amazon and Kindle.

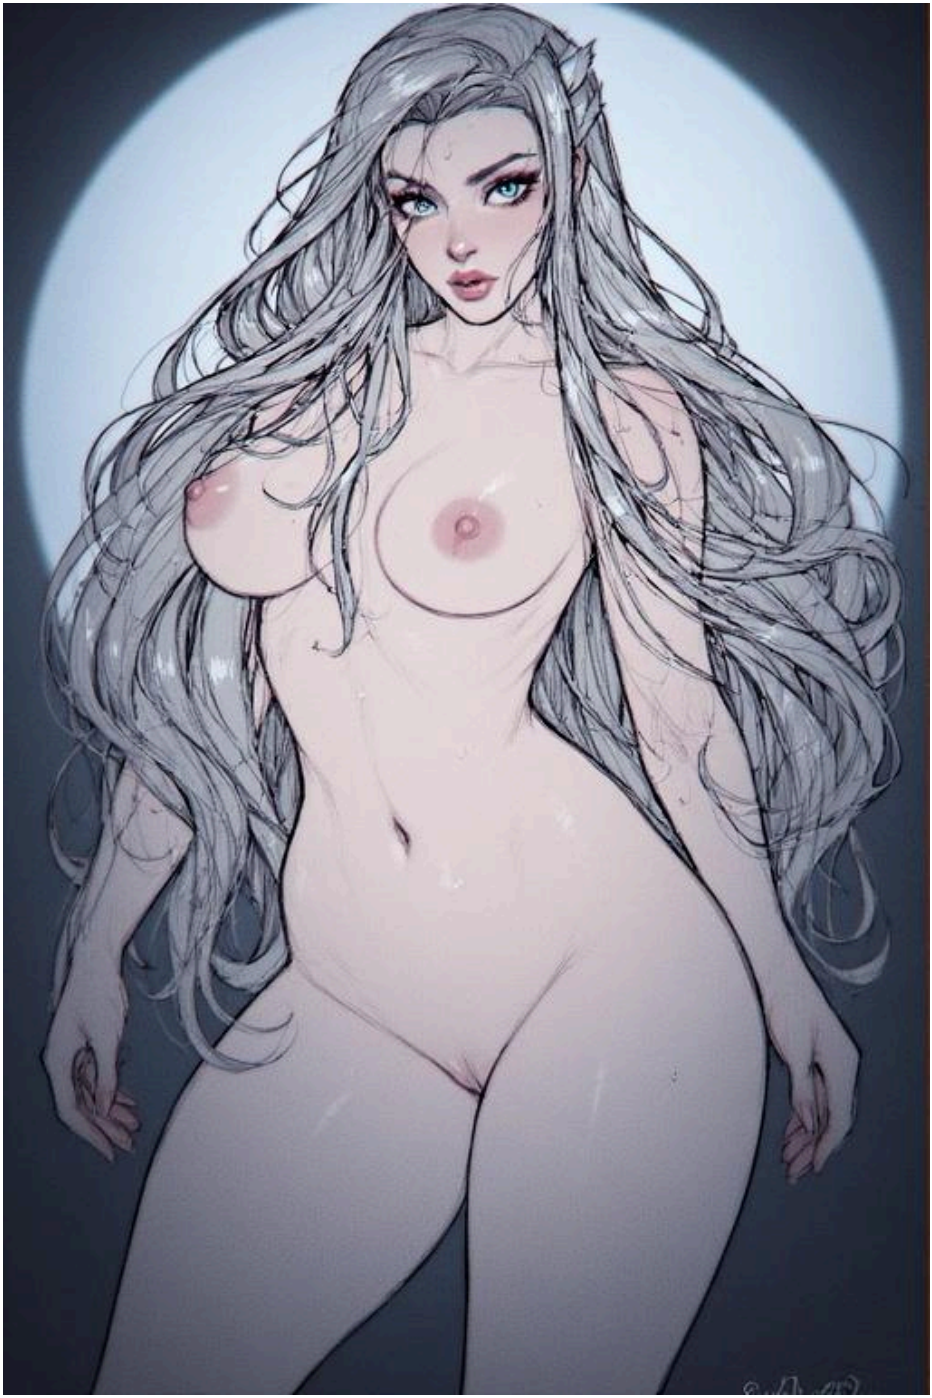
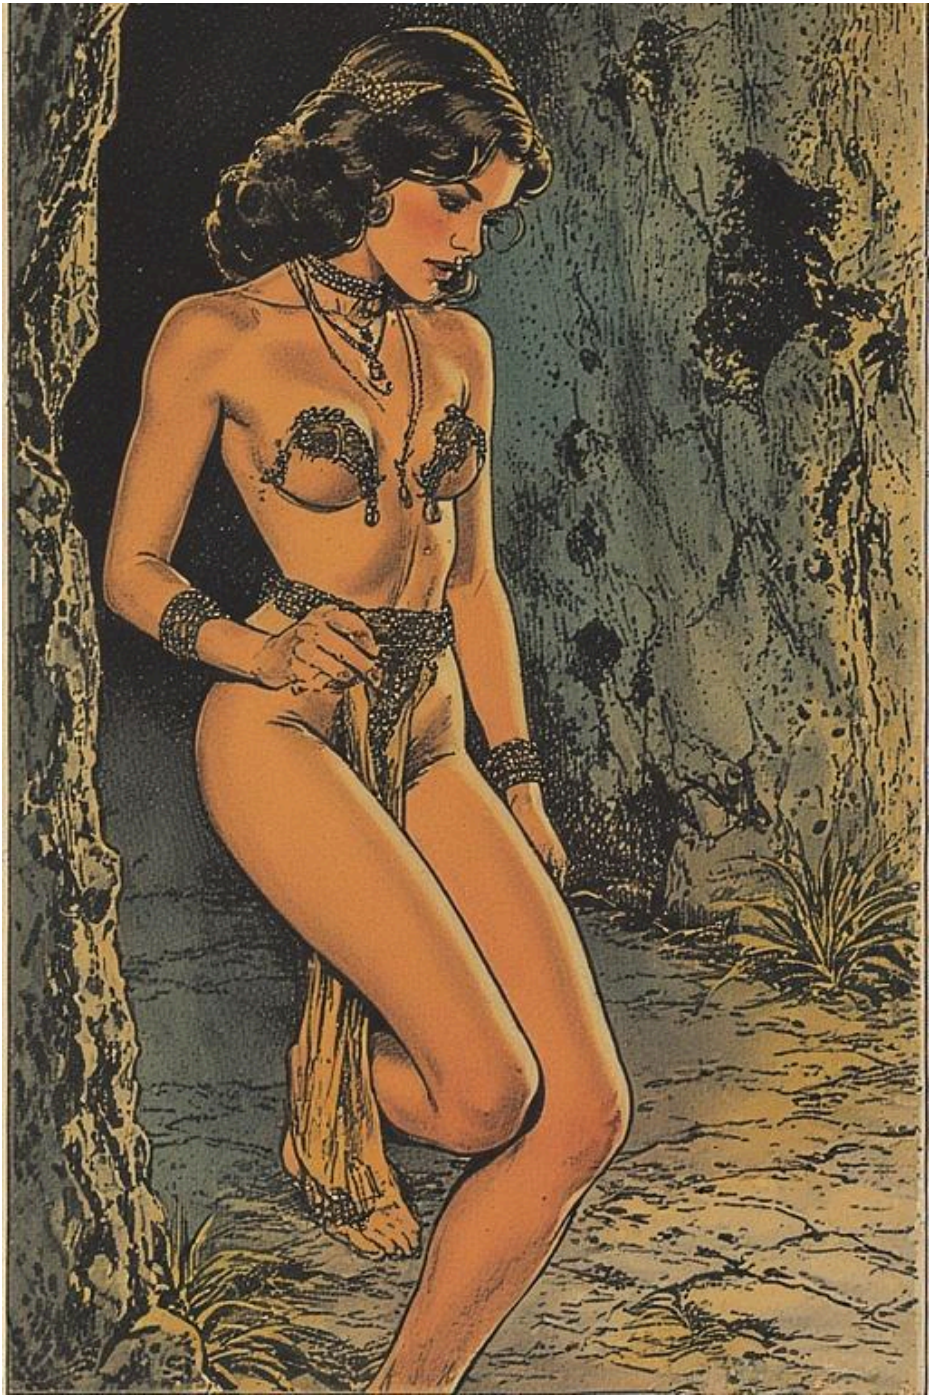
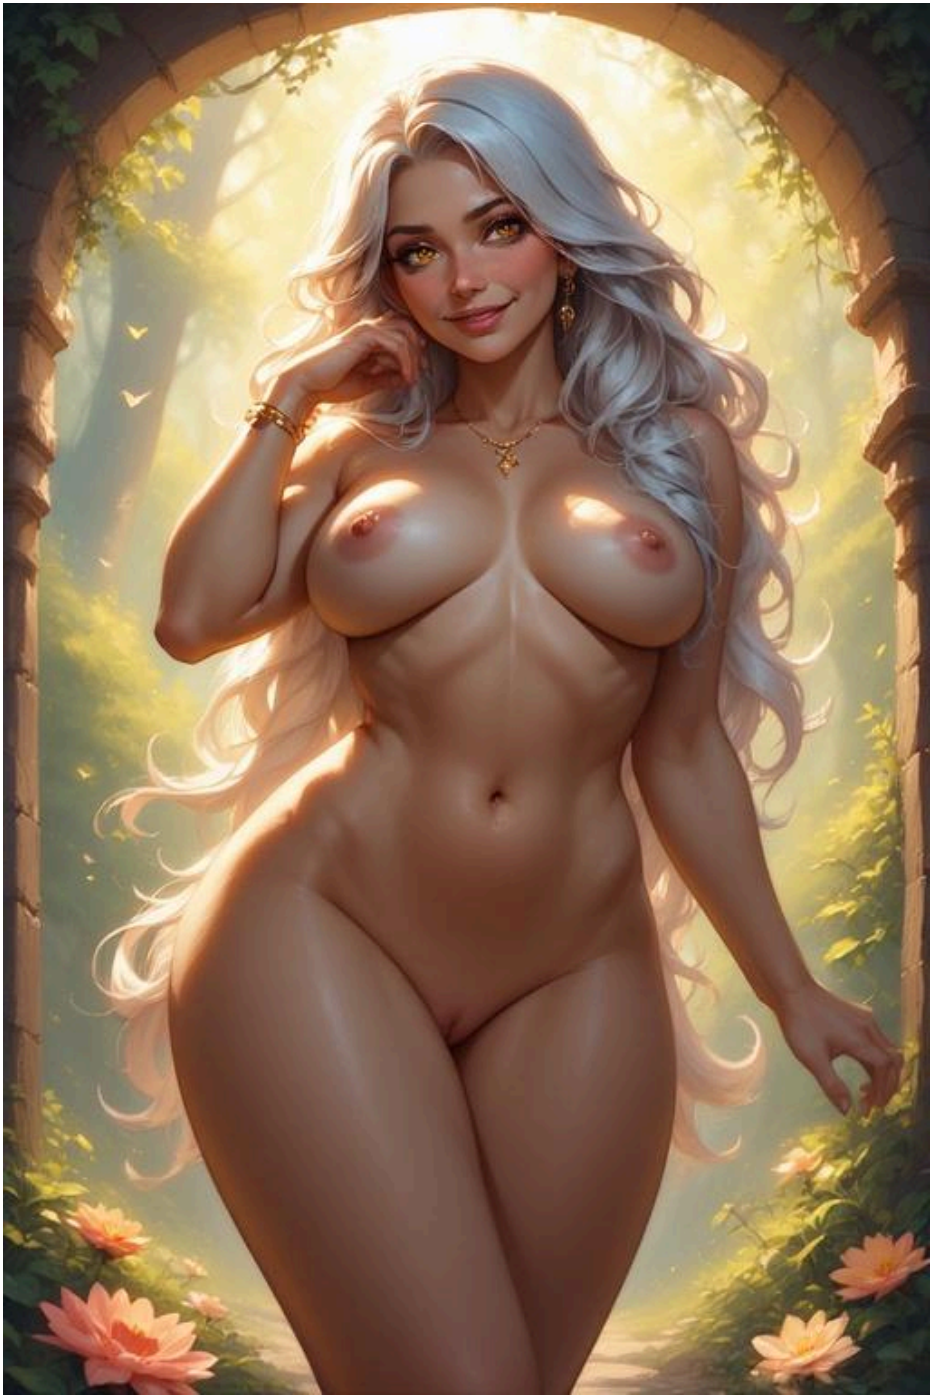
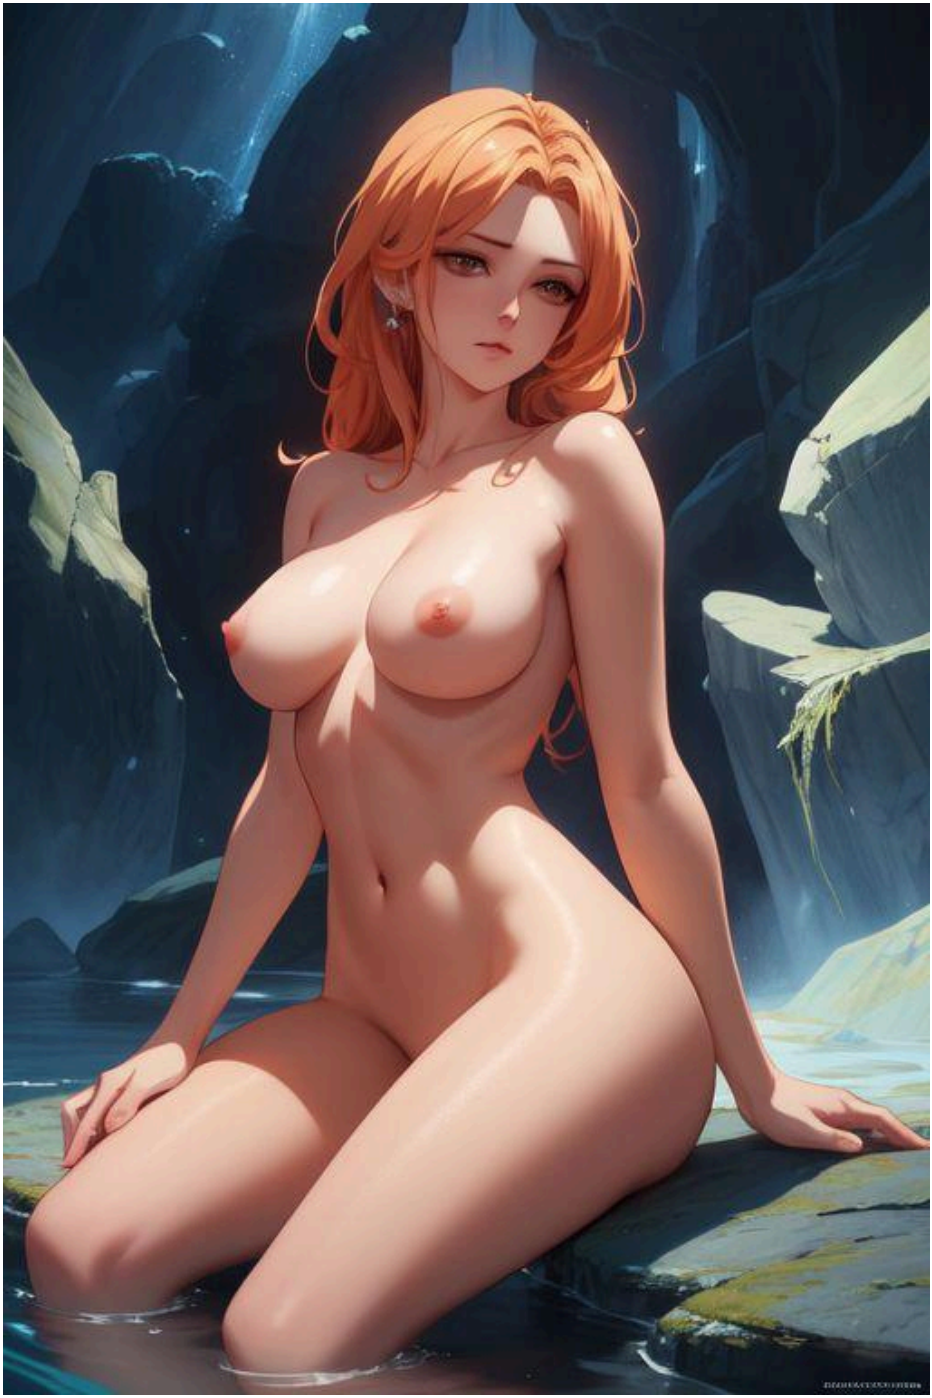
Fantasy Art Girls

Red-blooded heterosexual men are not always attracted to human women. Sometimes to mermaids and faeries. You don’t have to be a fairy to be attracted to one!









Imitating the Masters

I want you readers to know how much I despise you as uncultured oafs. In fact, I hate you. But we can fix this problem by getting you culturally enriched. And what better way to do this, than by getting you to appreciate these AI generated images that have a vague resemblance to the great Masters of Art in the past?

Oscar Wilde once said that imitation is the sincerest form of flattery. So I magically produced this. Enjoy.

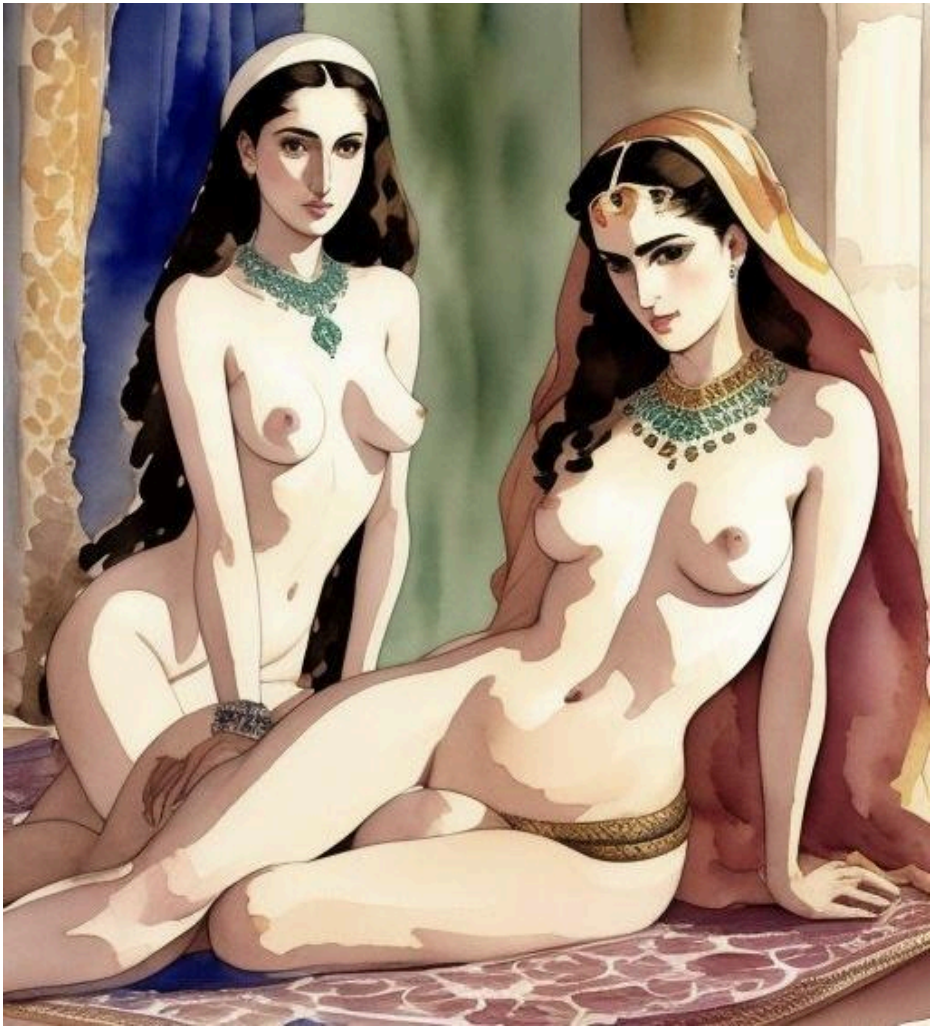
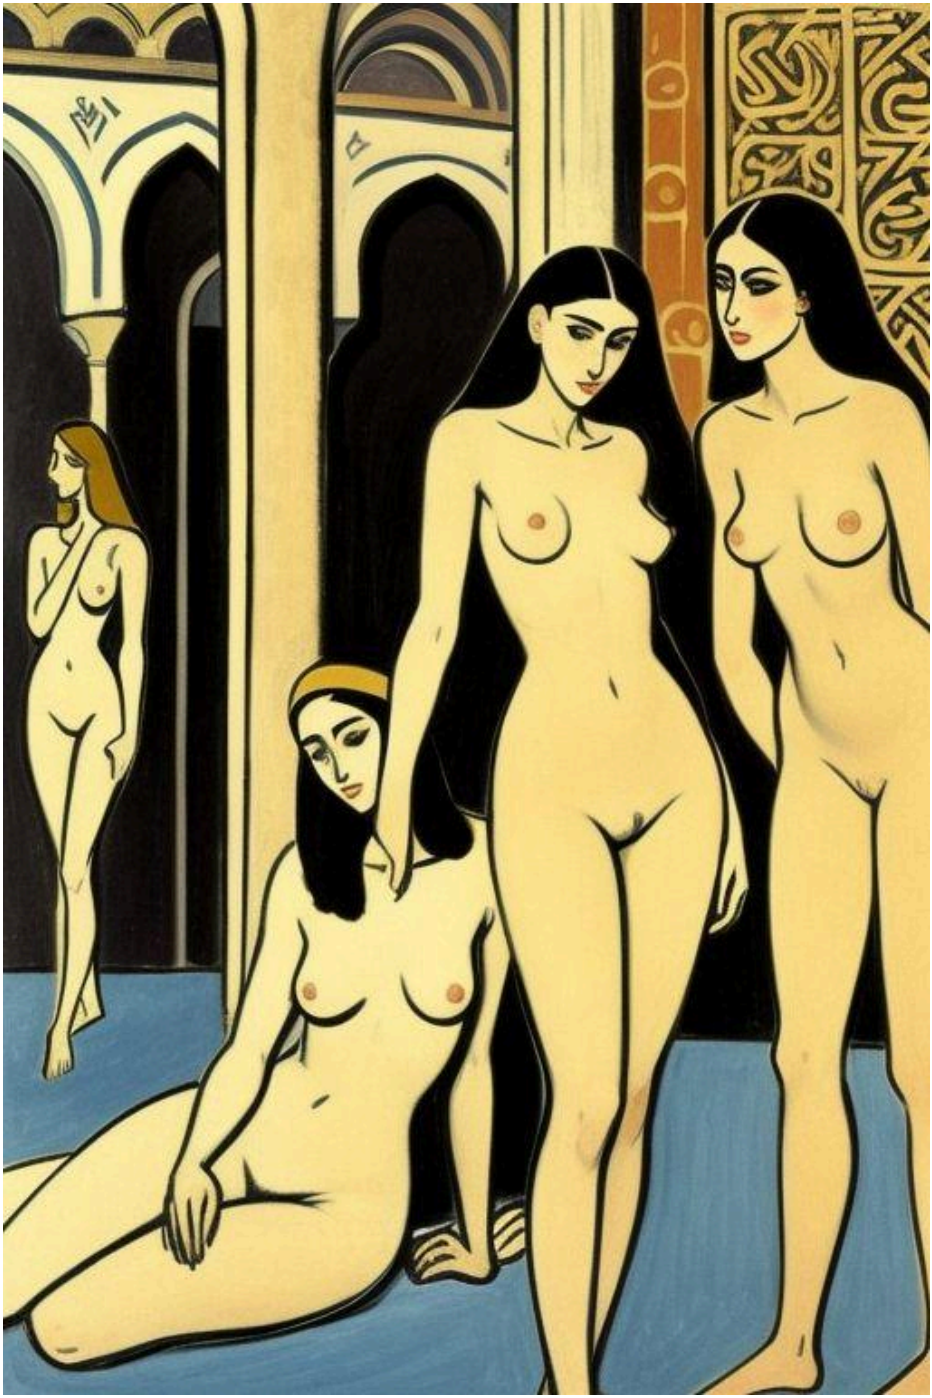
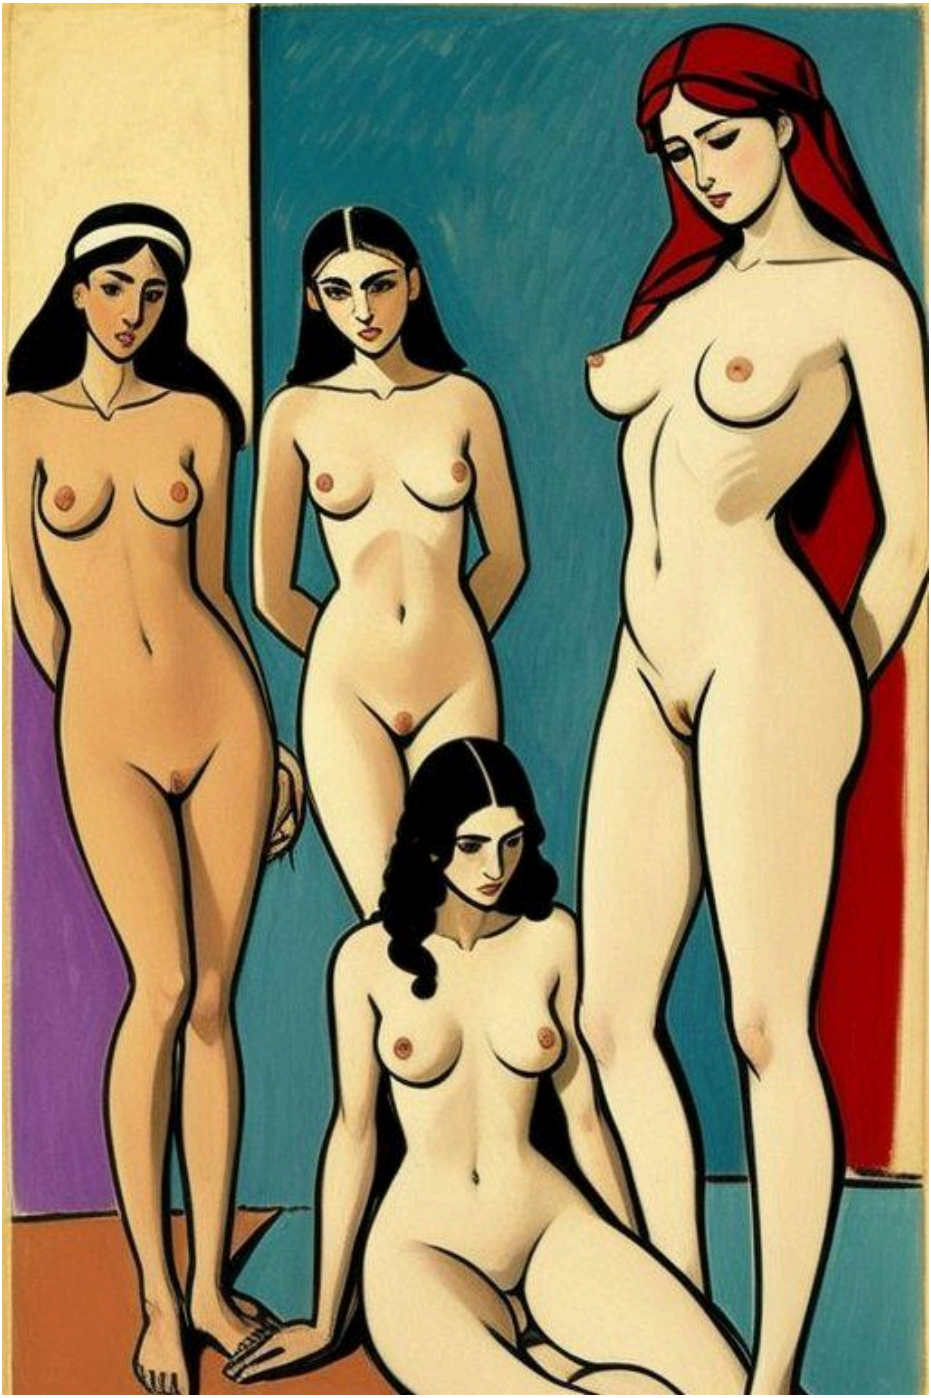
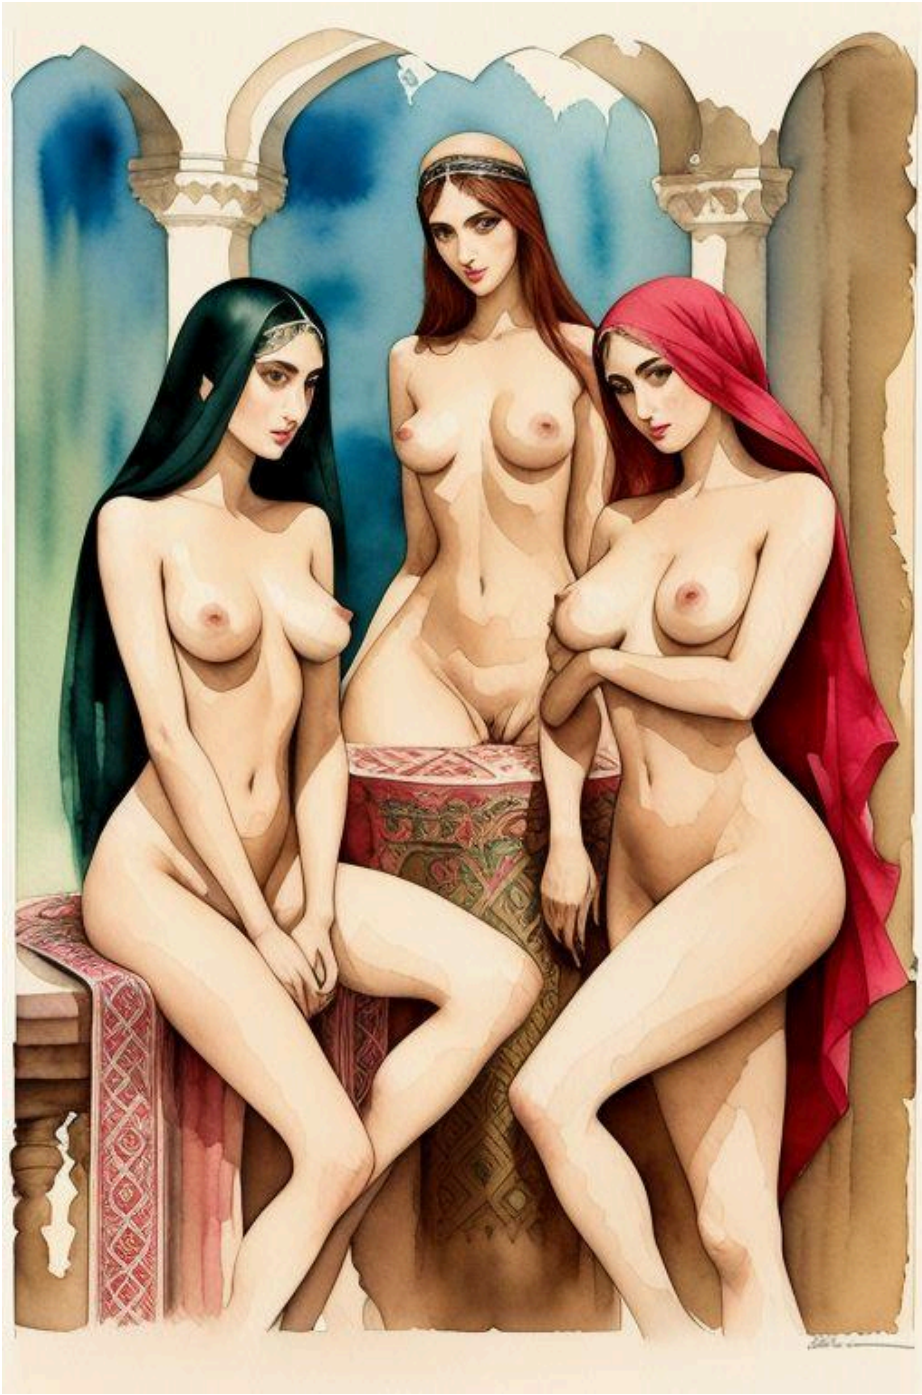
Slave Girls in Art

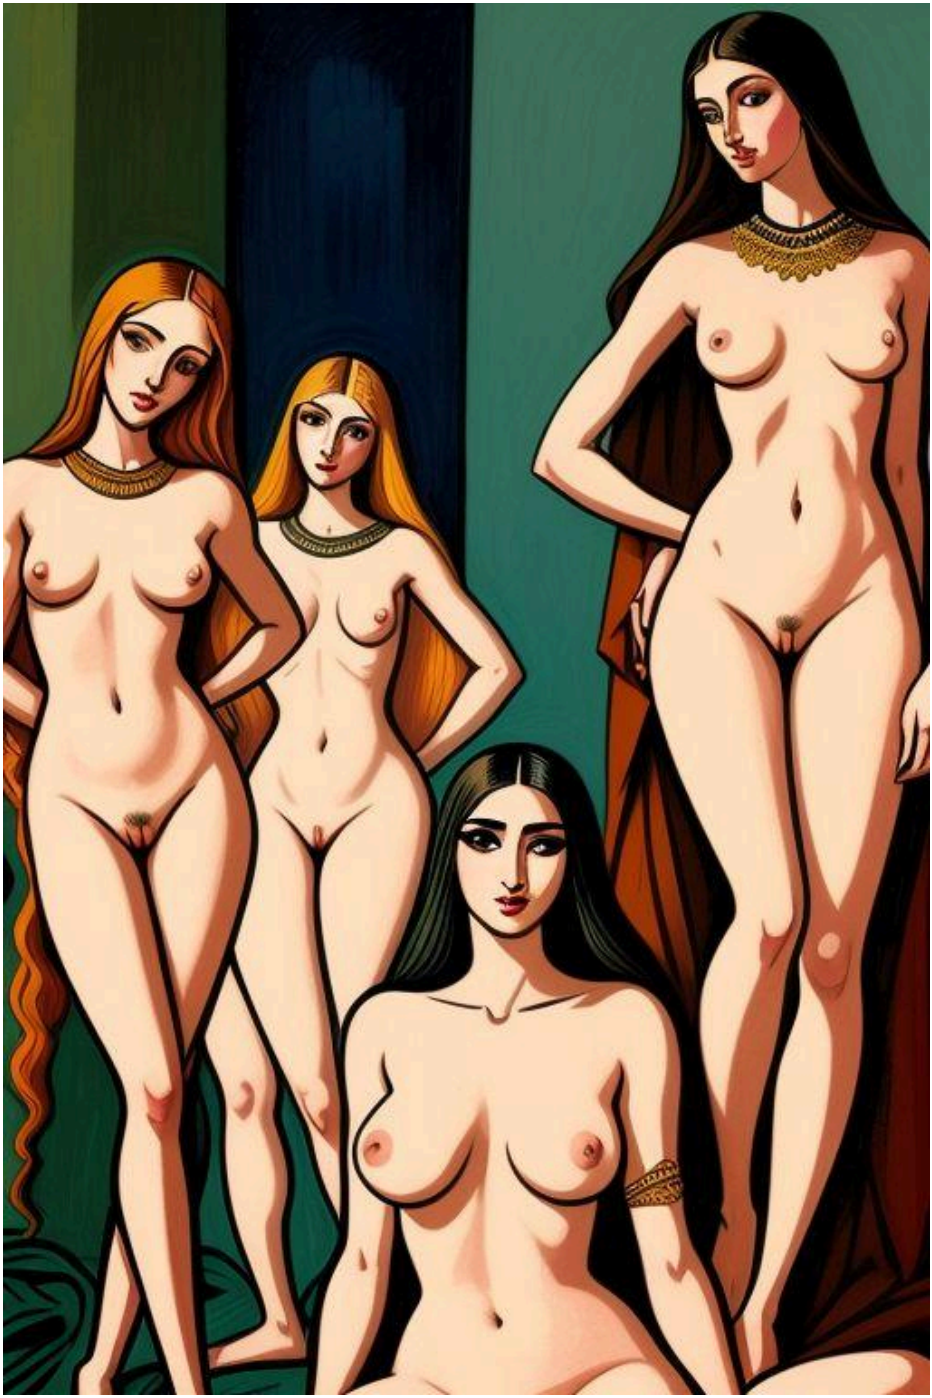


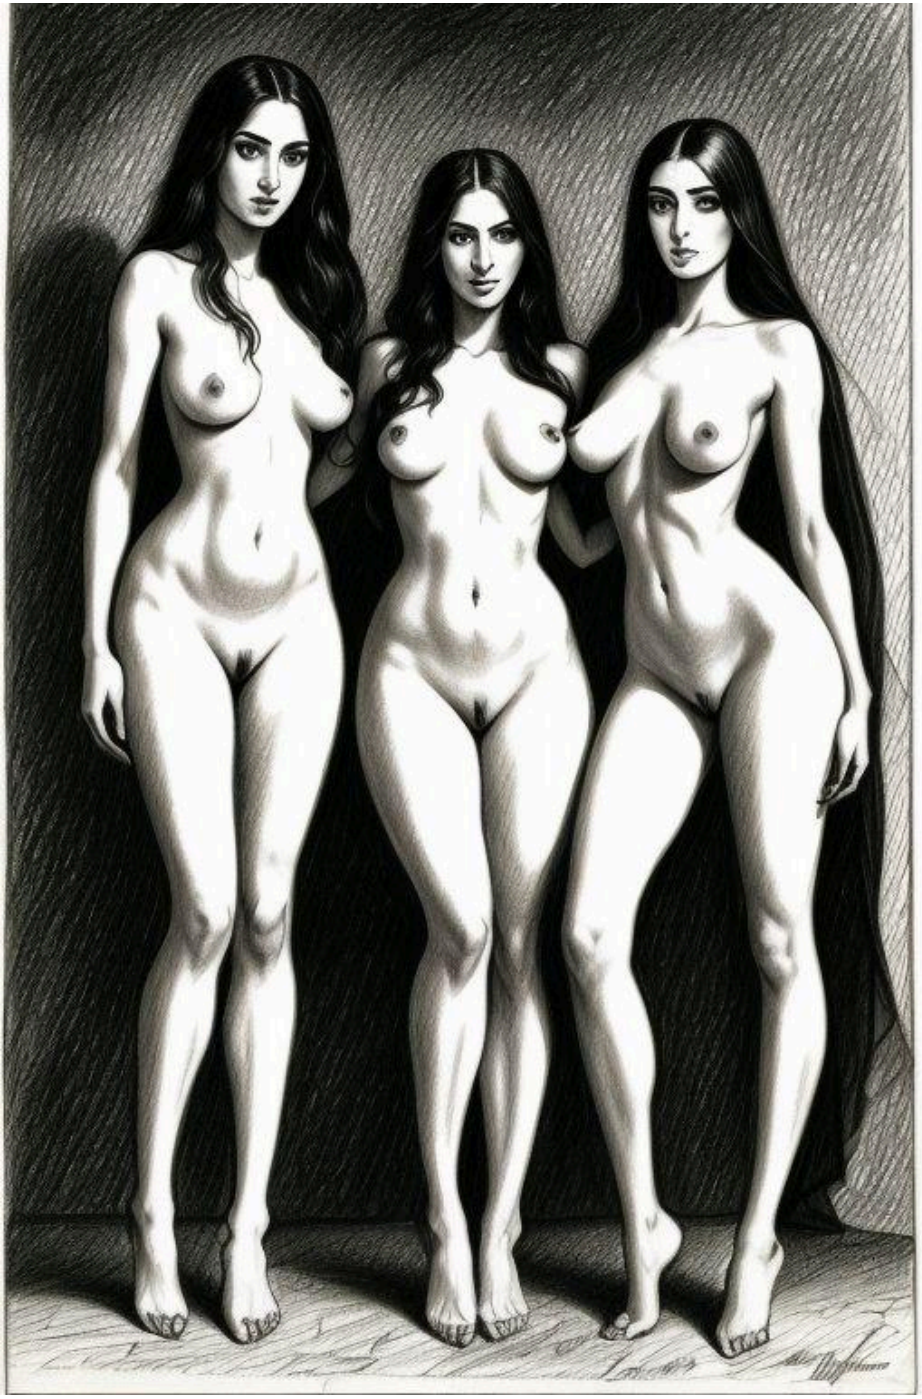
One thing that makes a common appearance in art is slave girls.

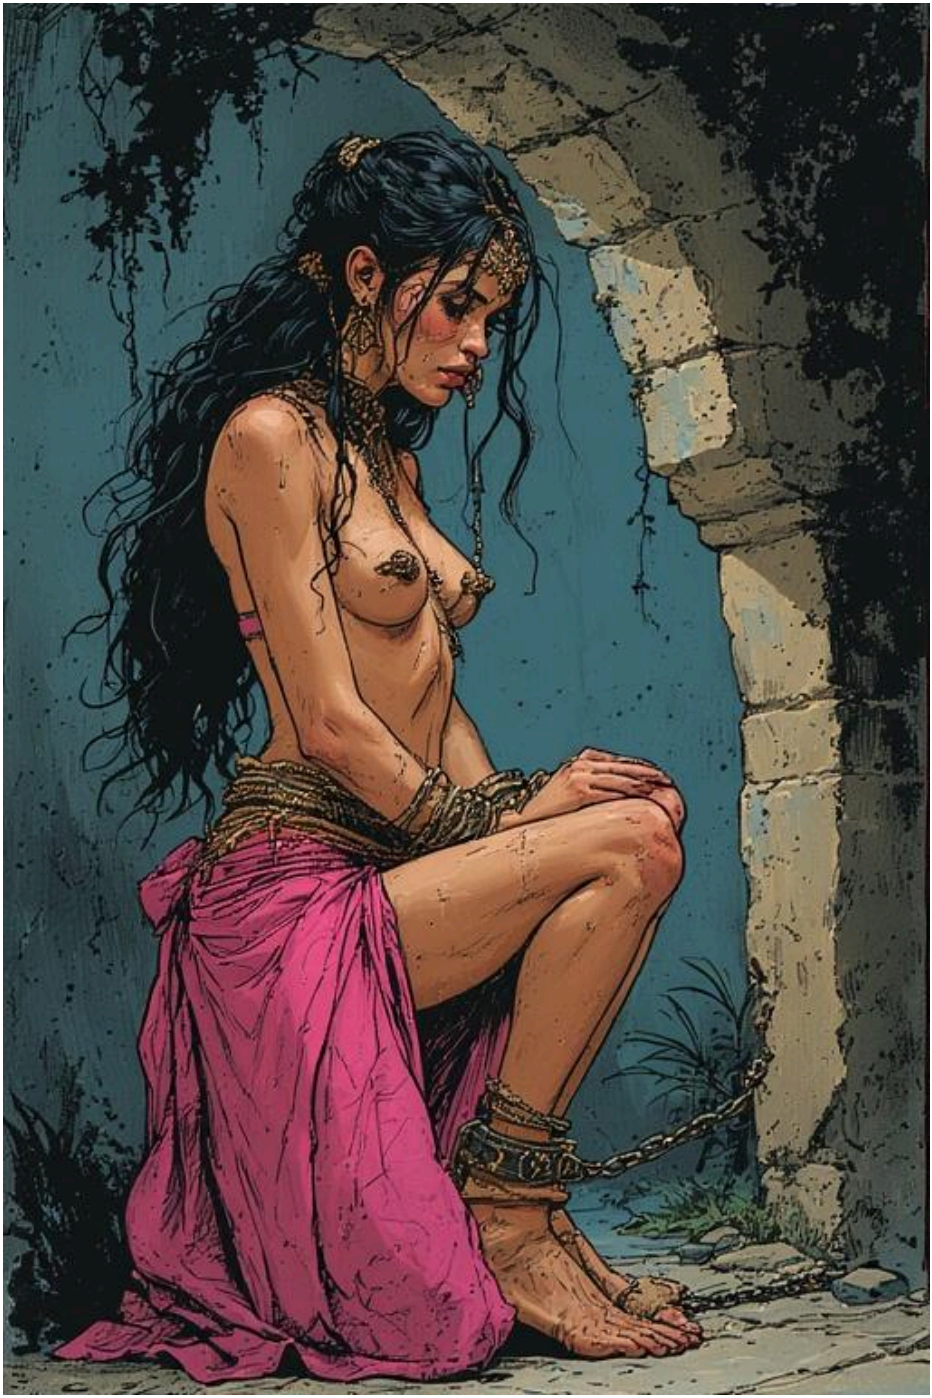


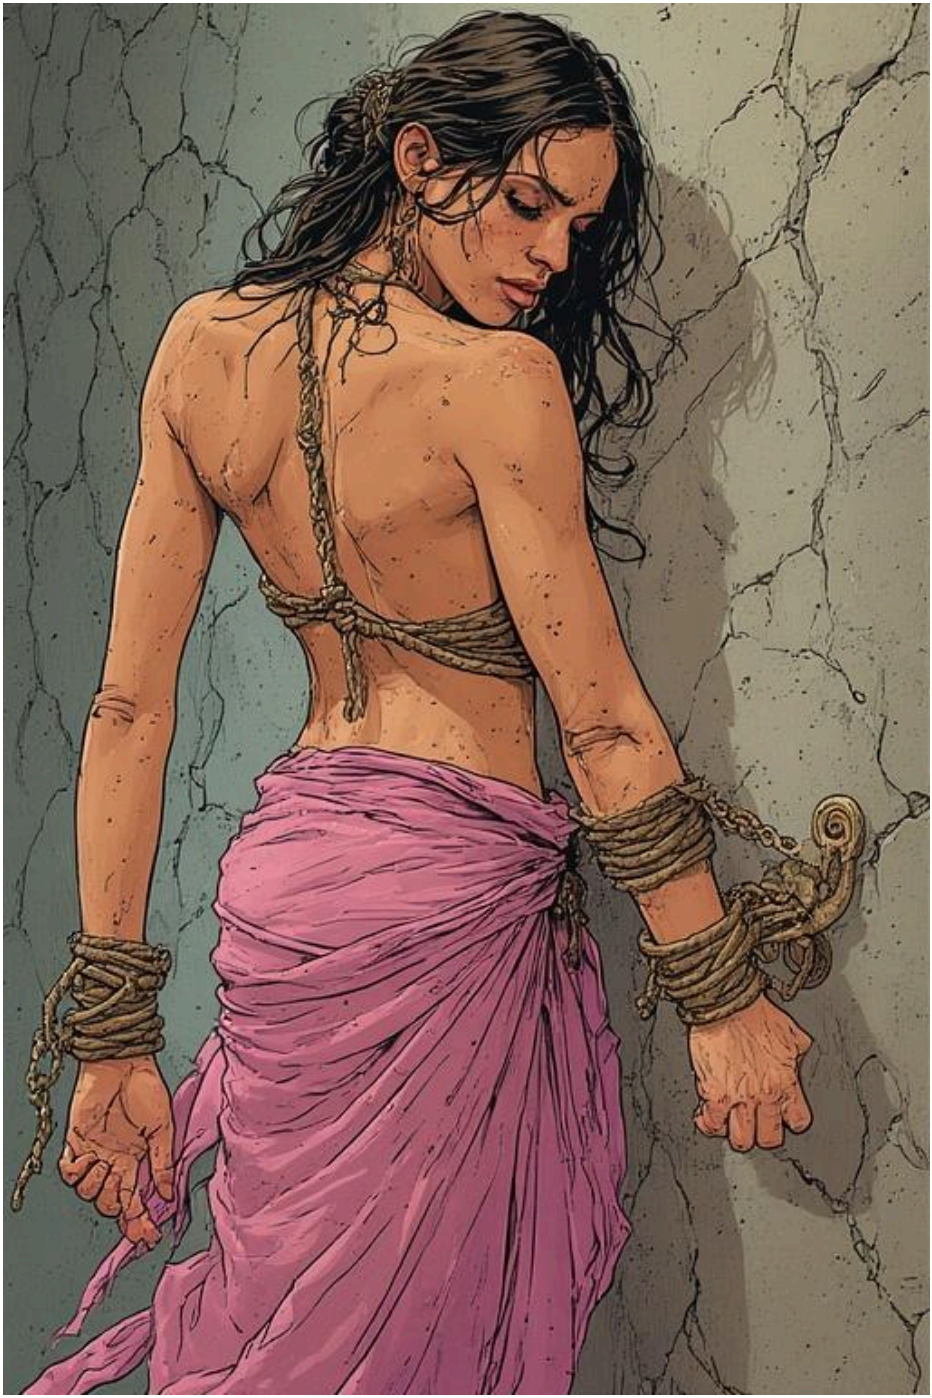


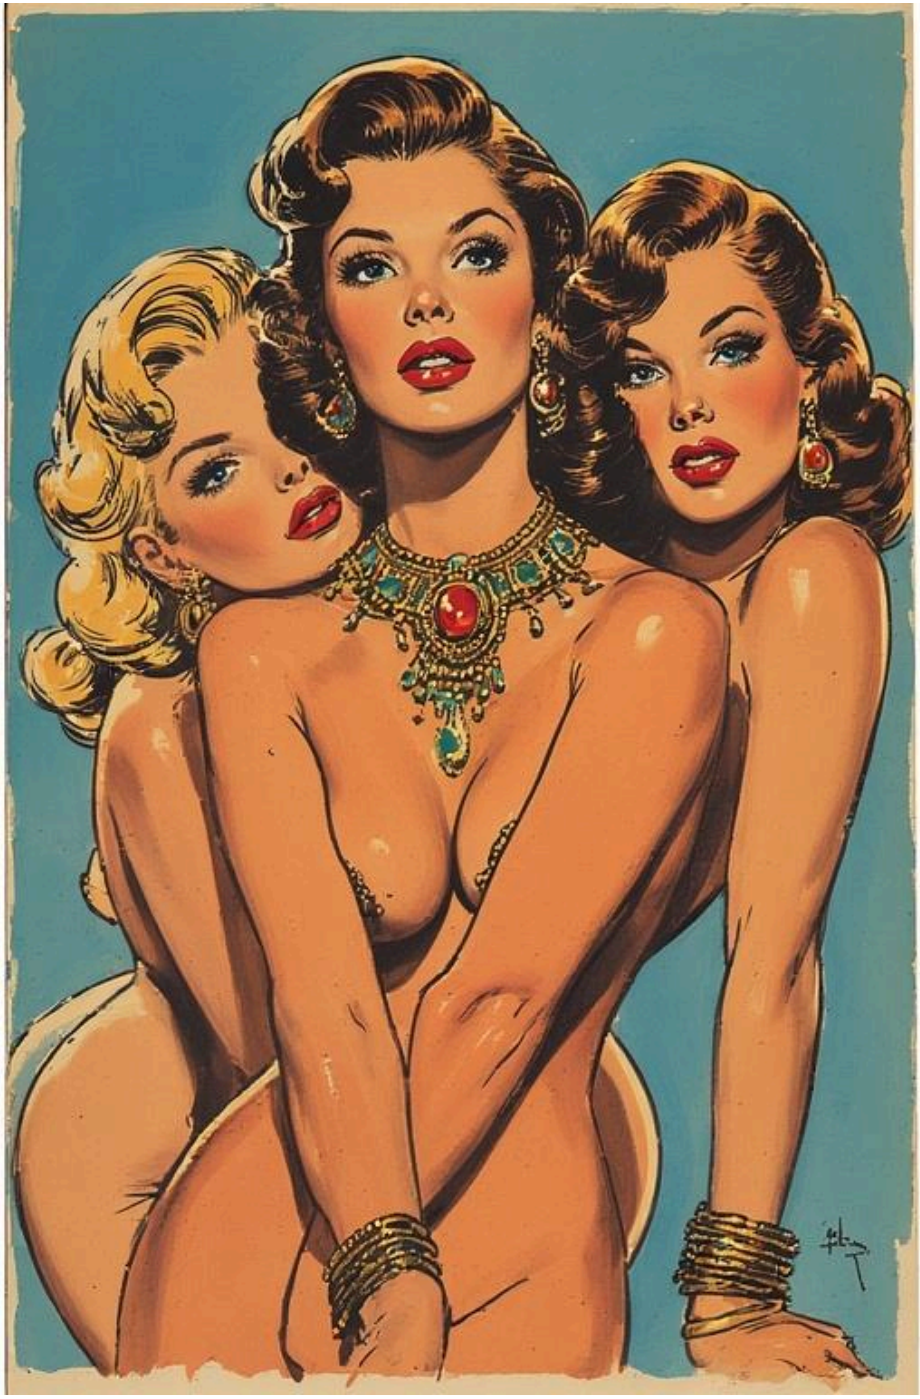


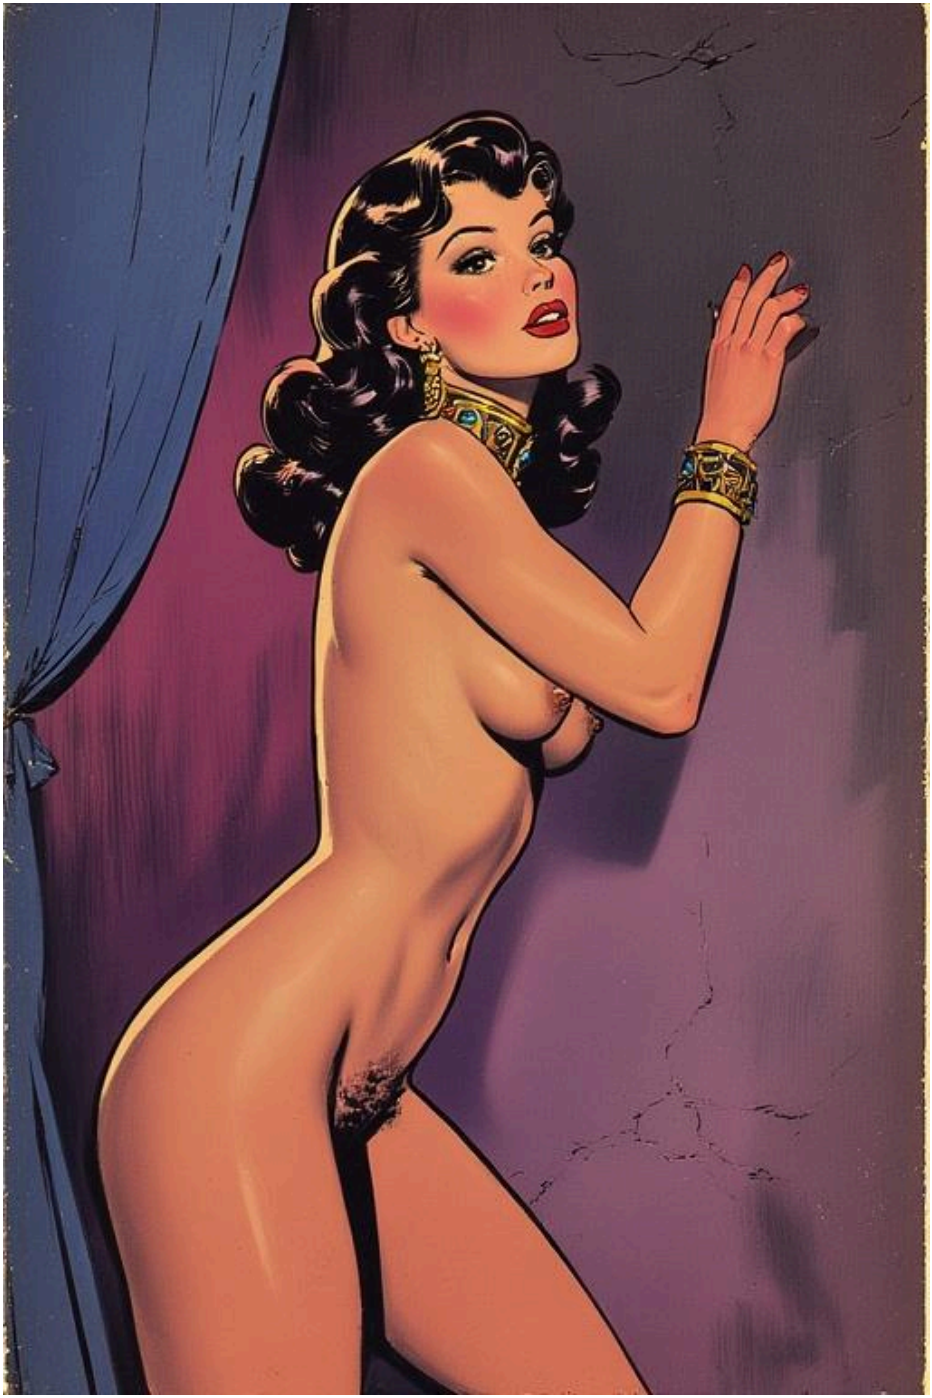


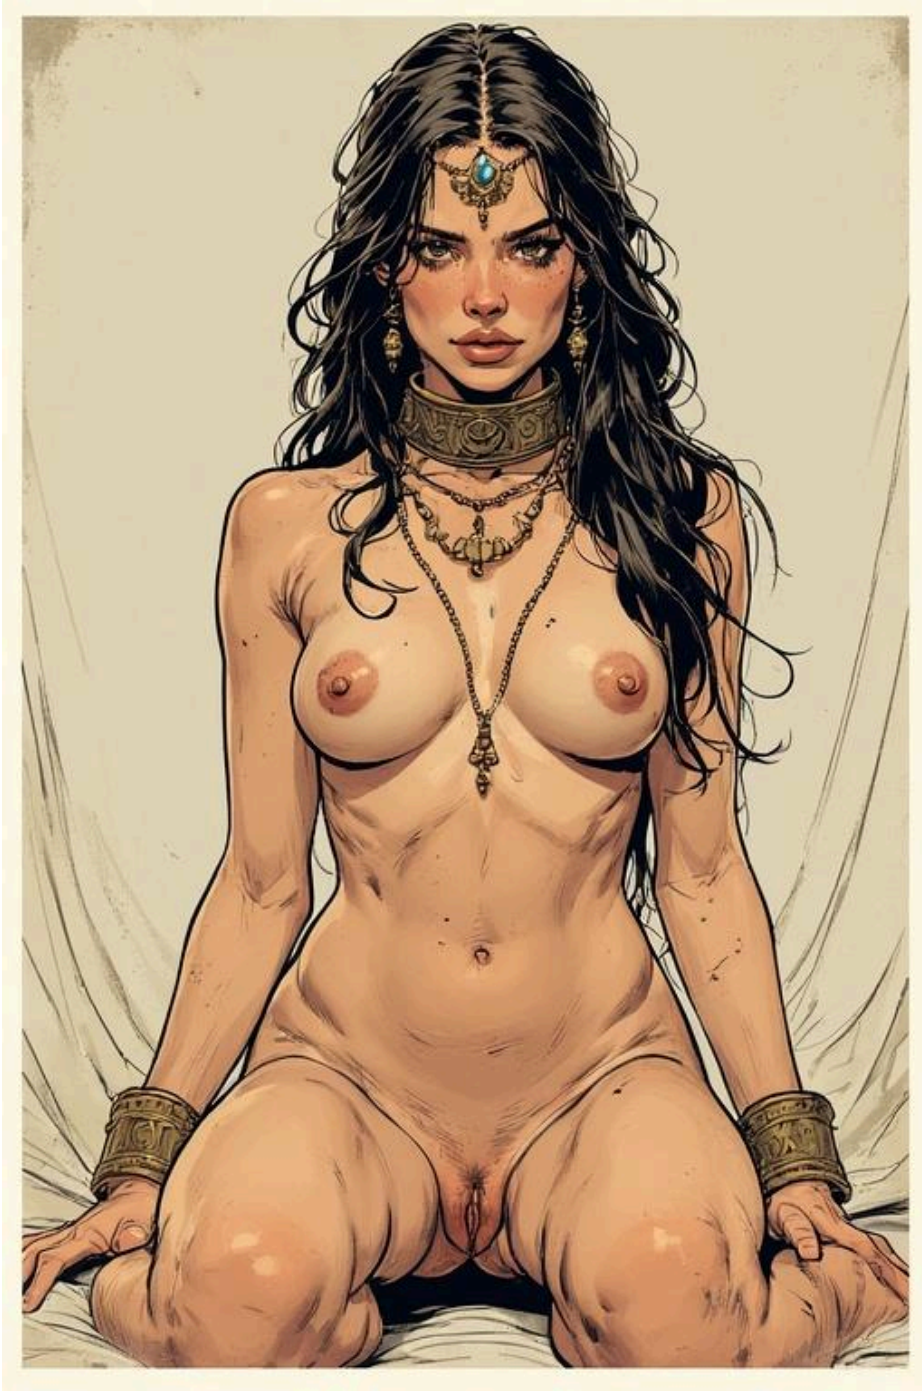


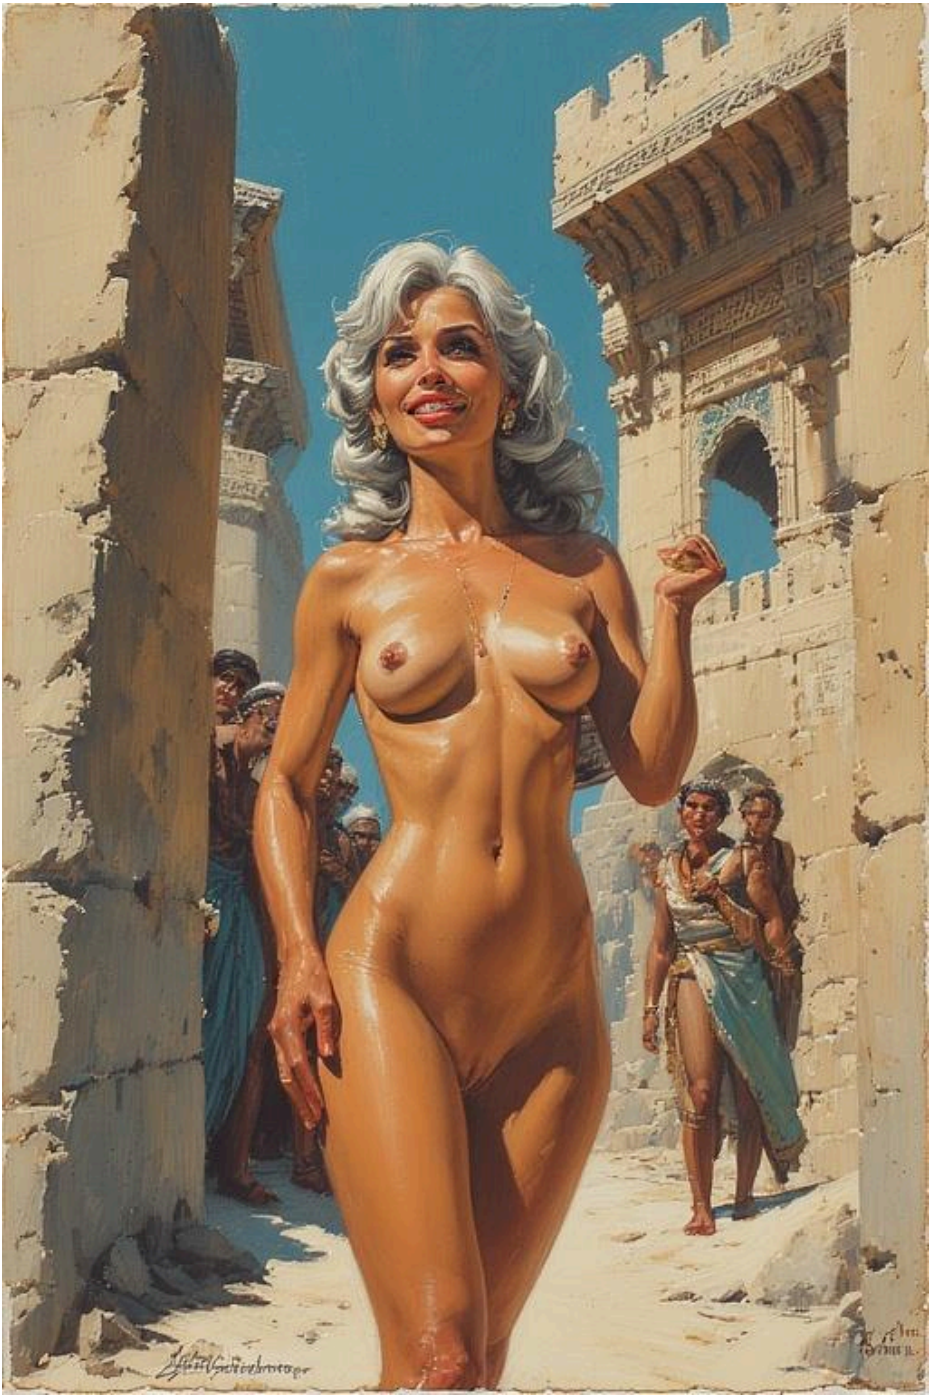


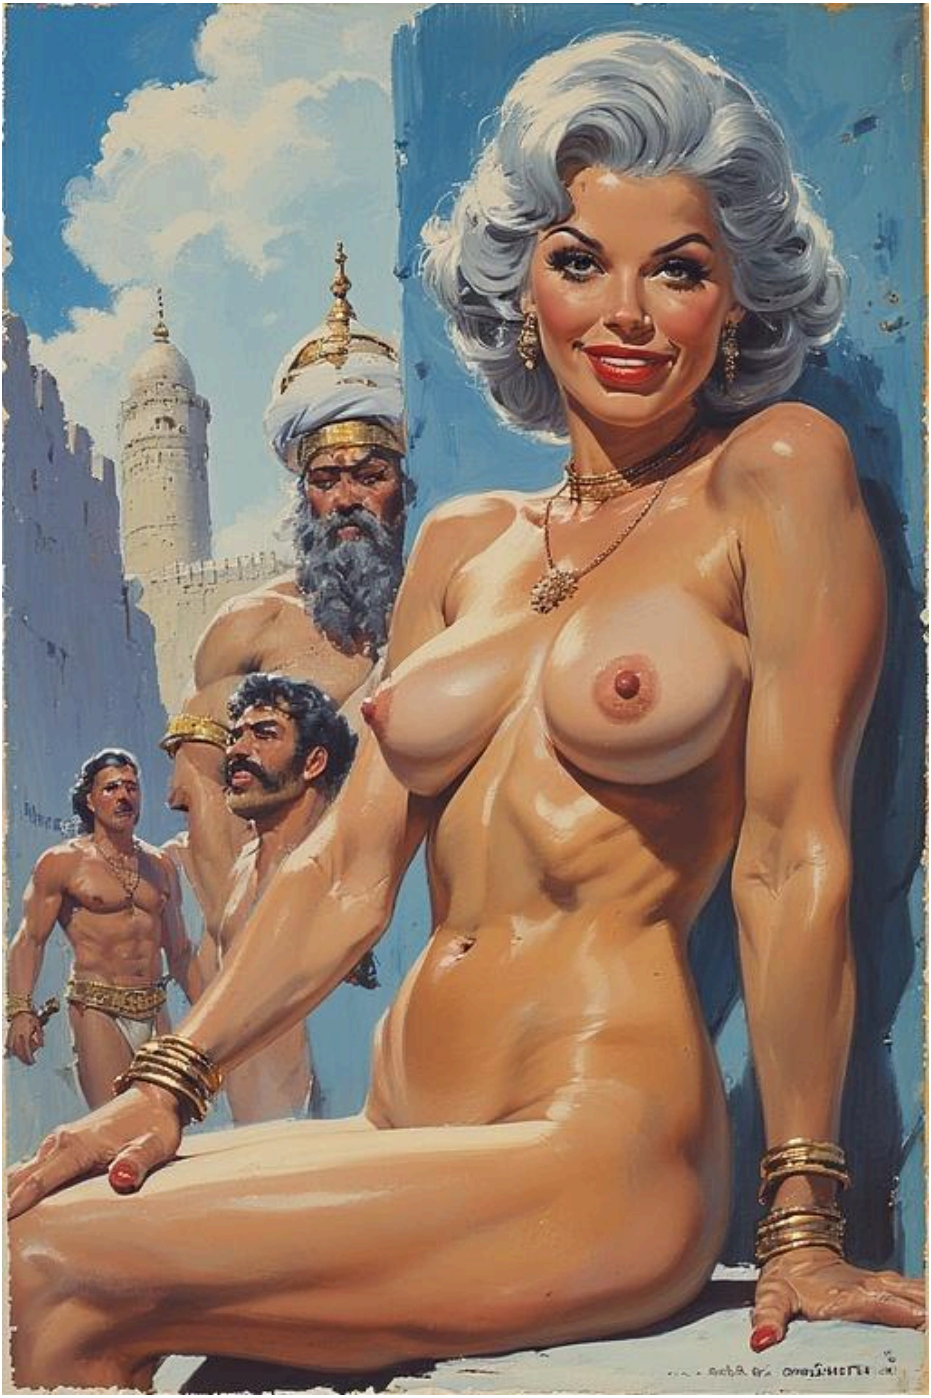


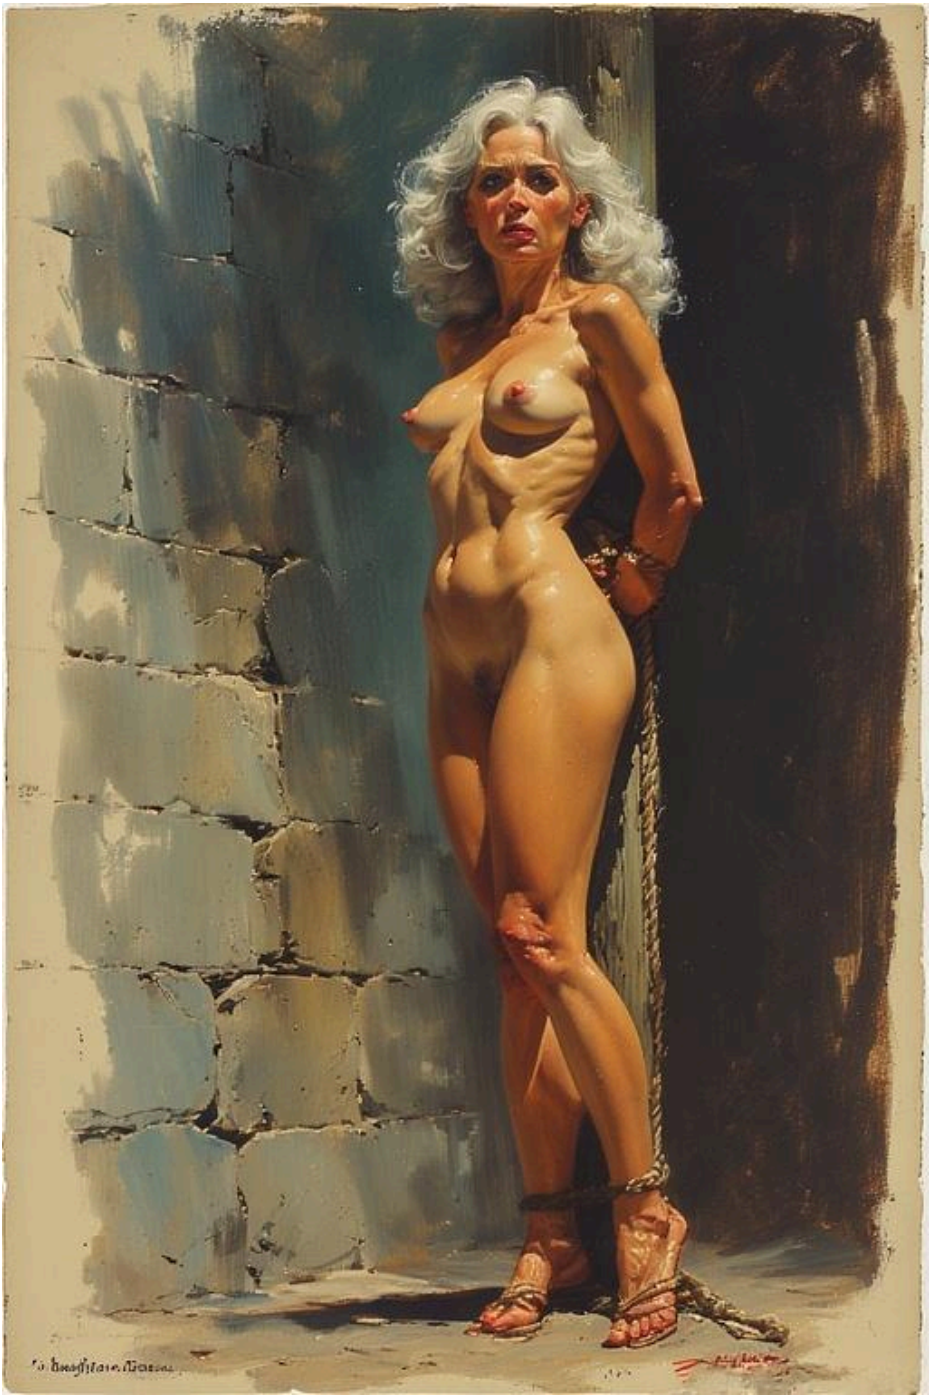


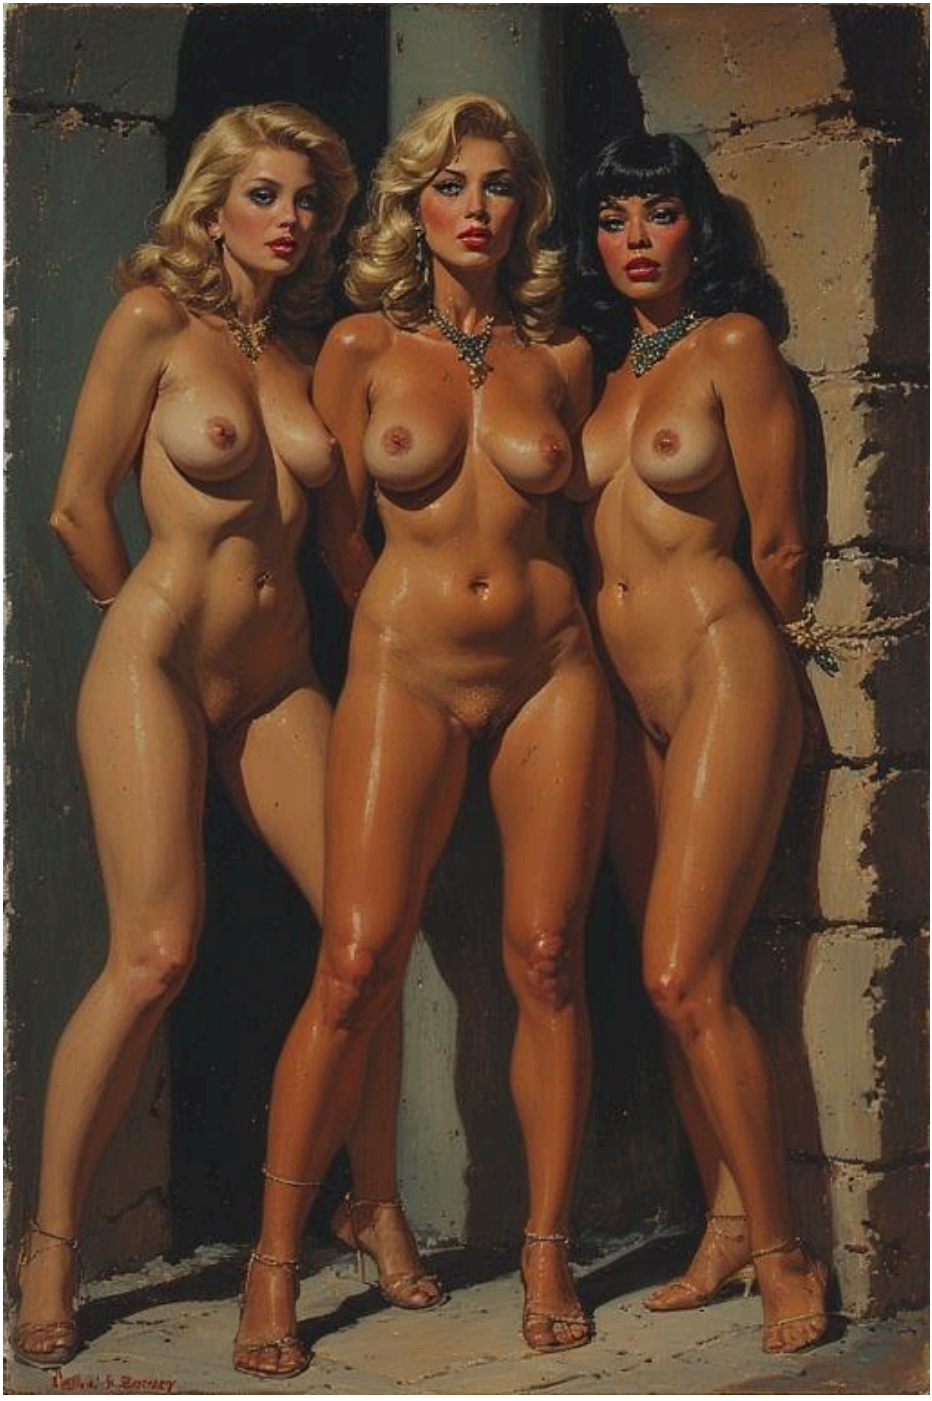


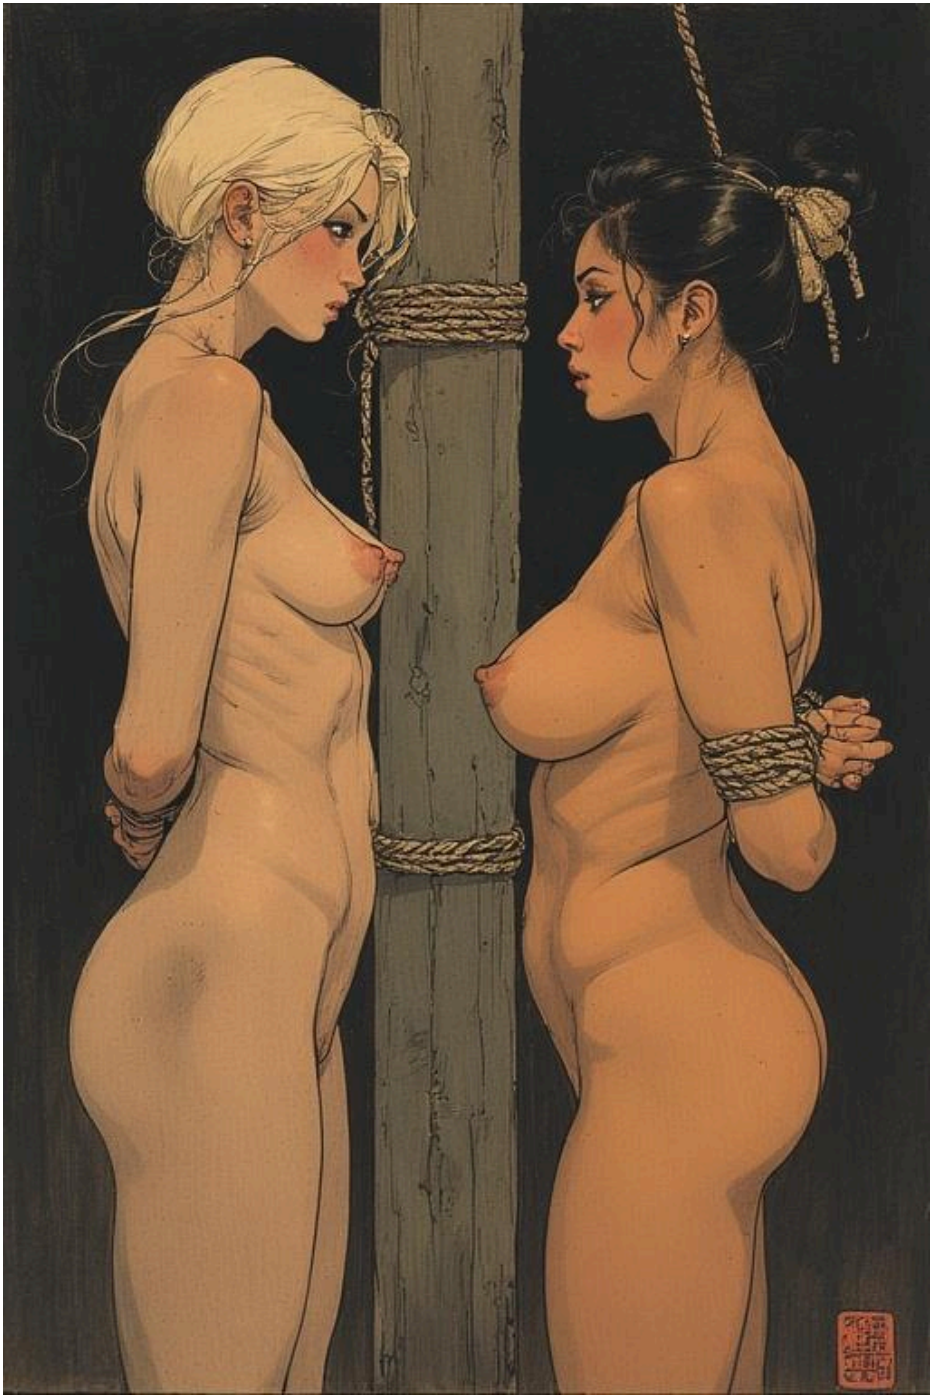


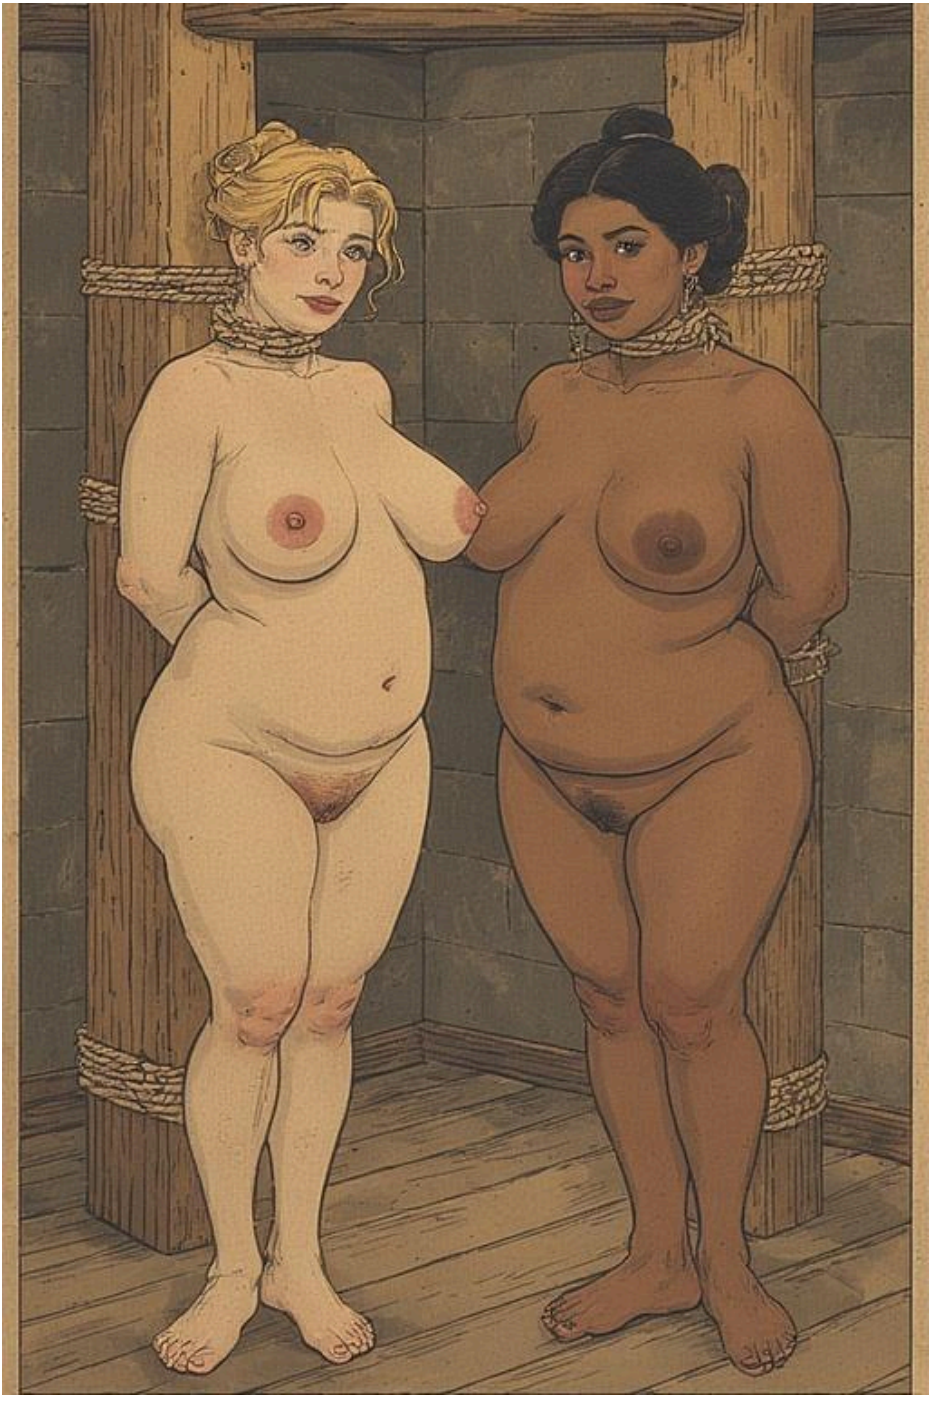


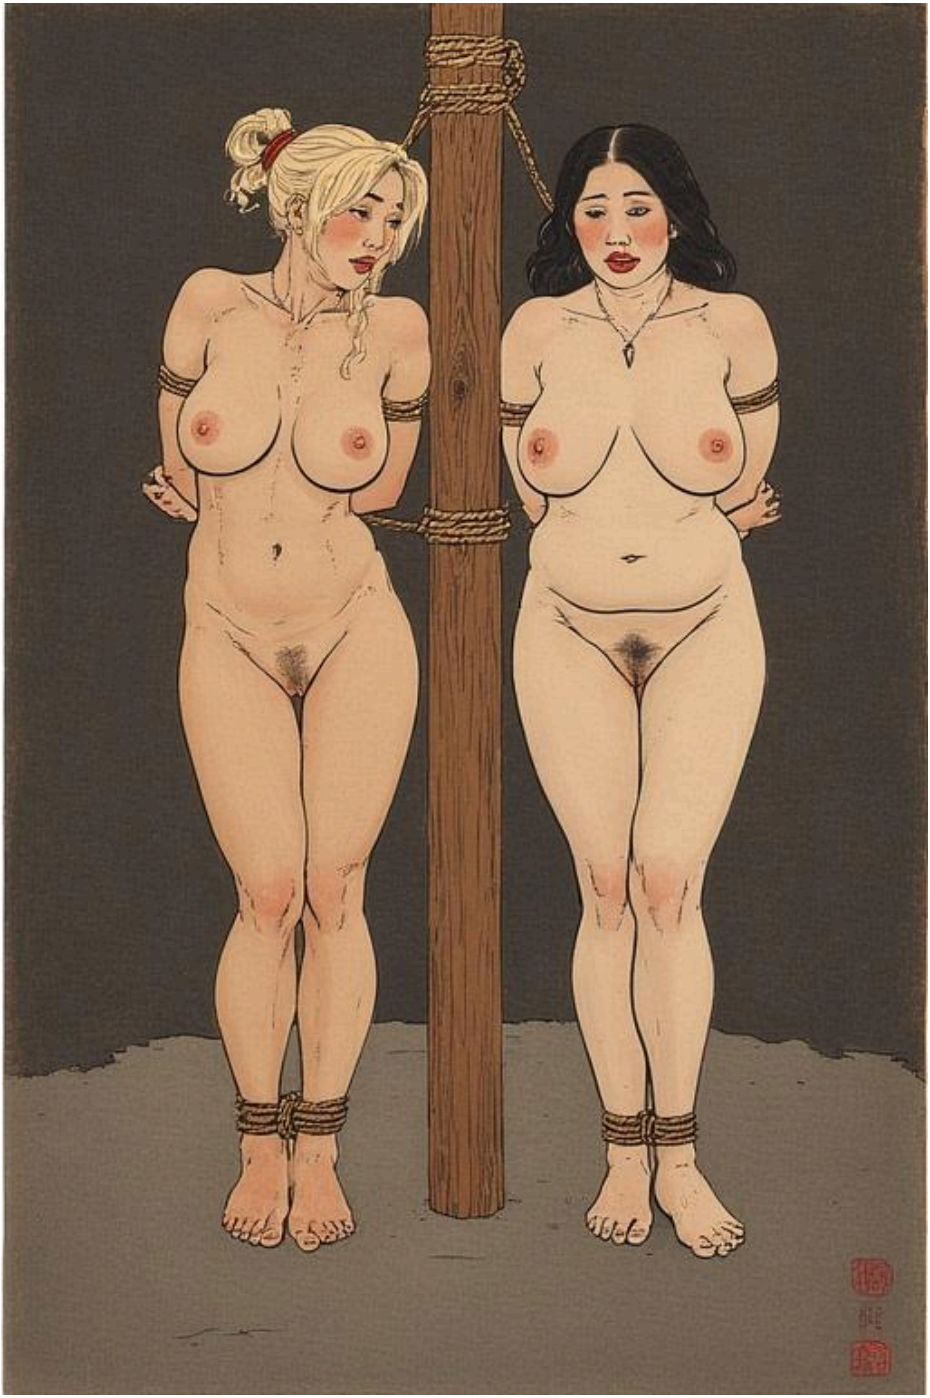






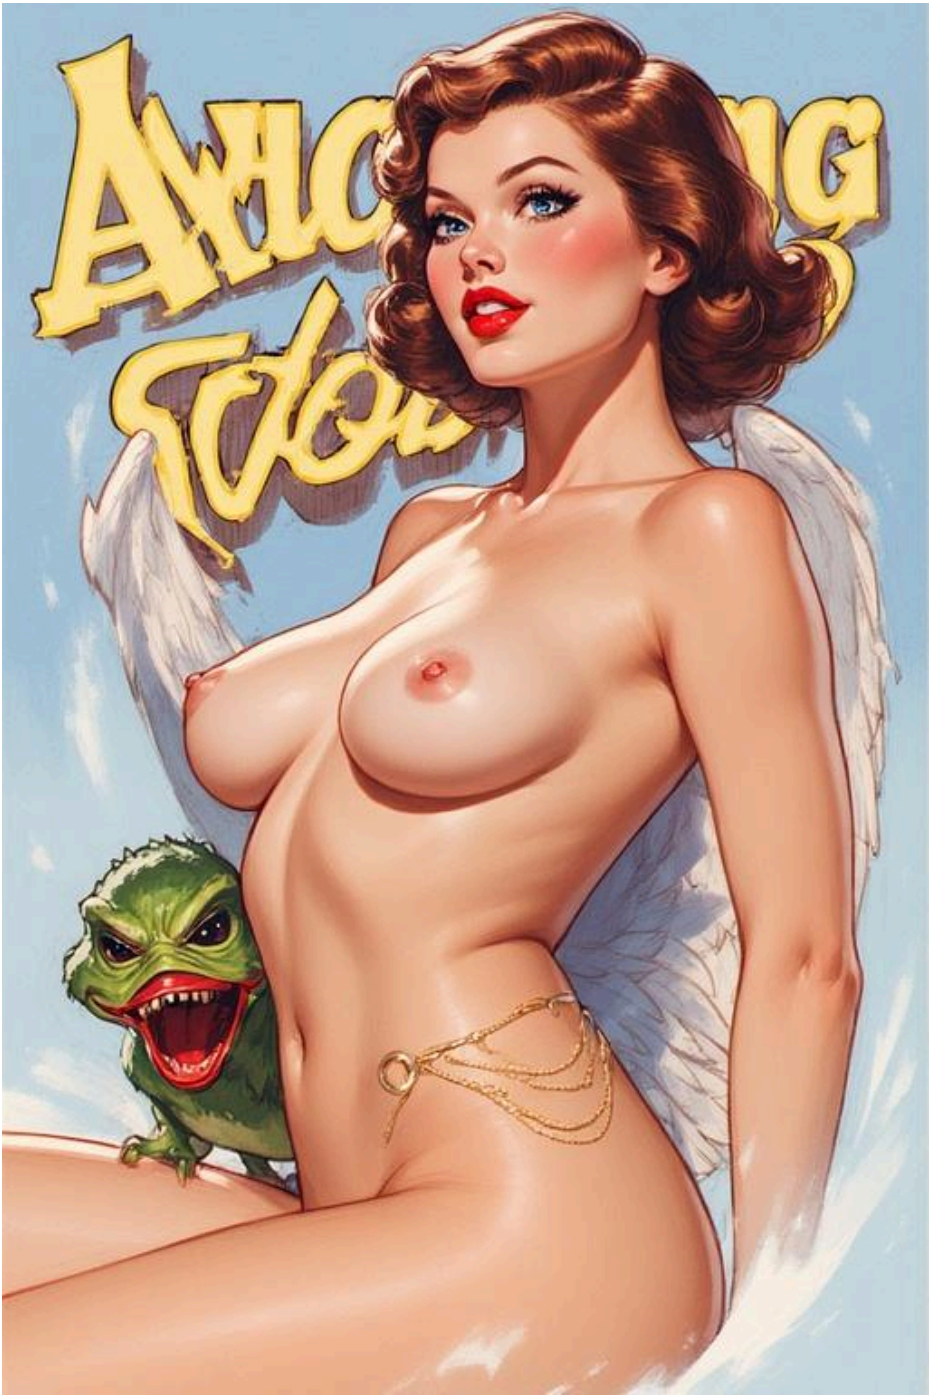




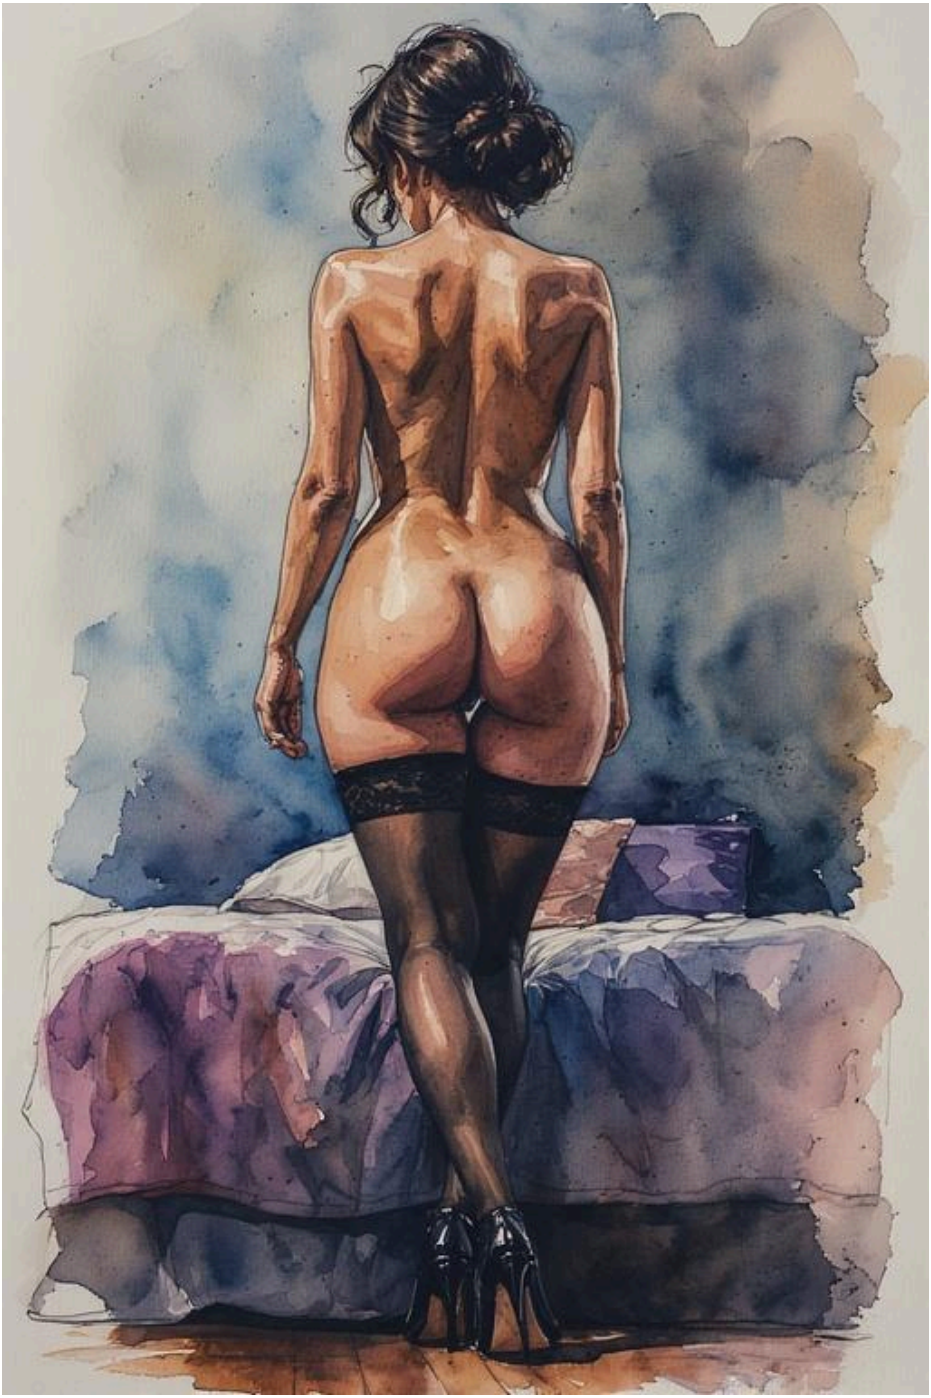


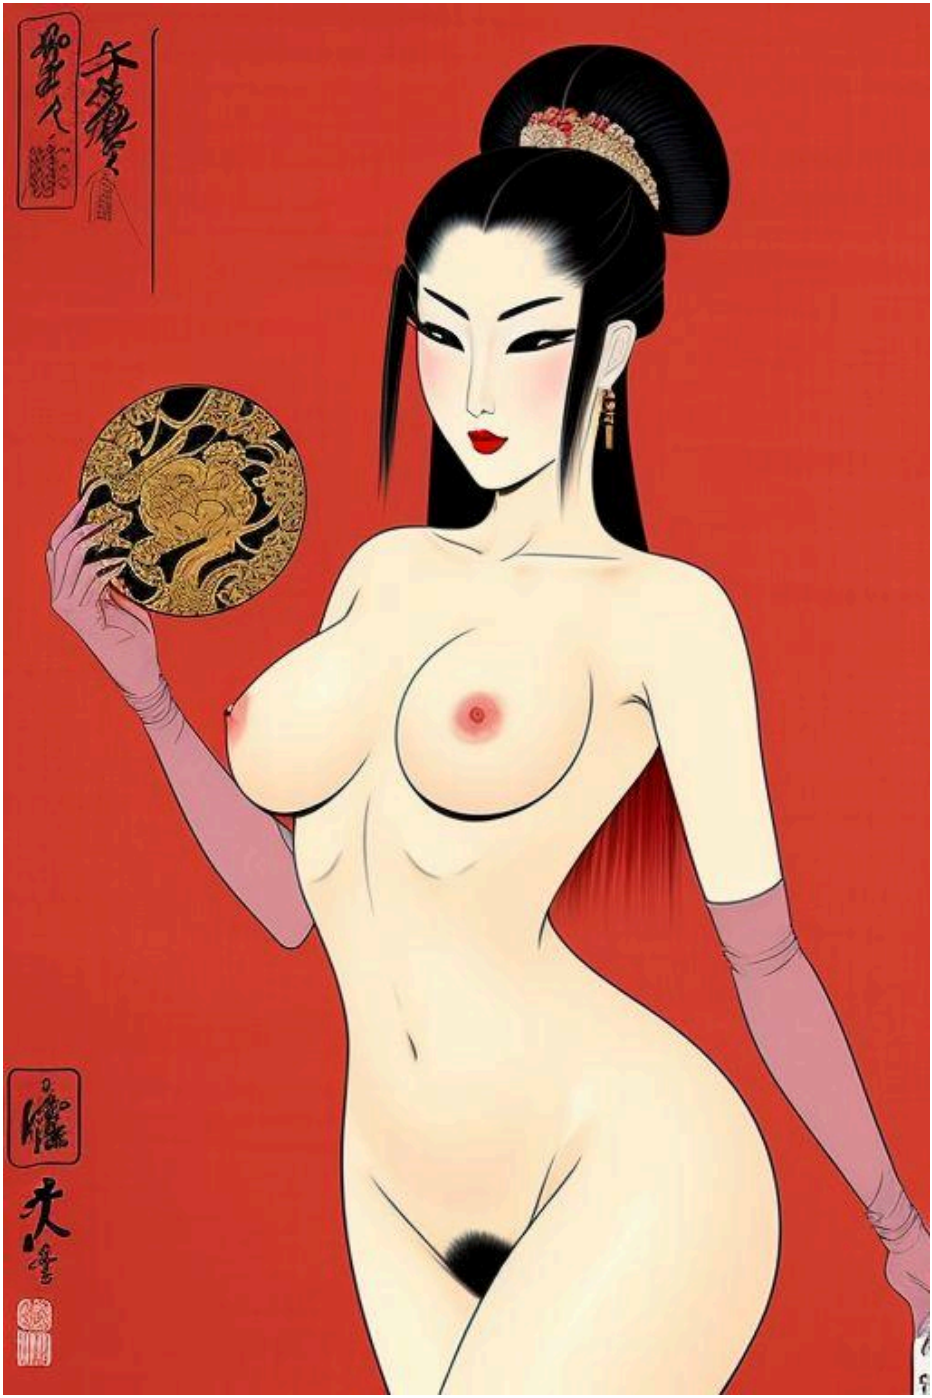
Nude & Erotic Pinups

Many artists enjoy drawing nude women even more than photographing them. I enjoy both.



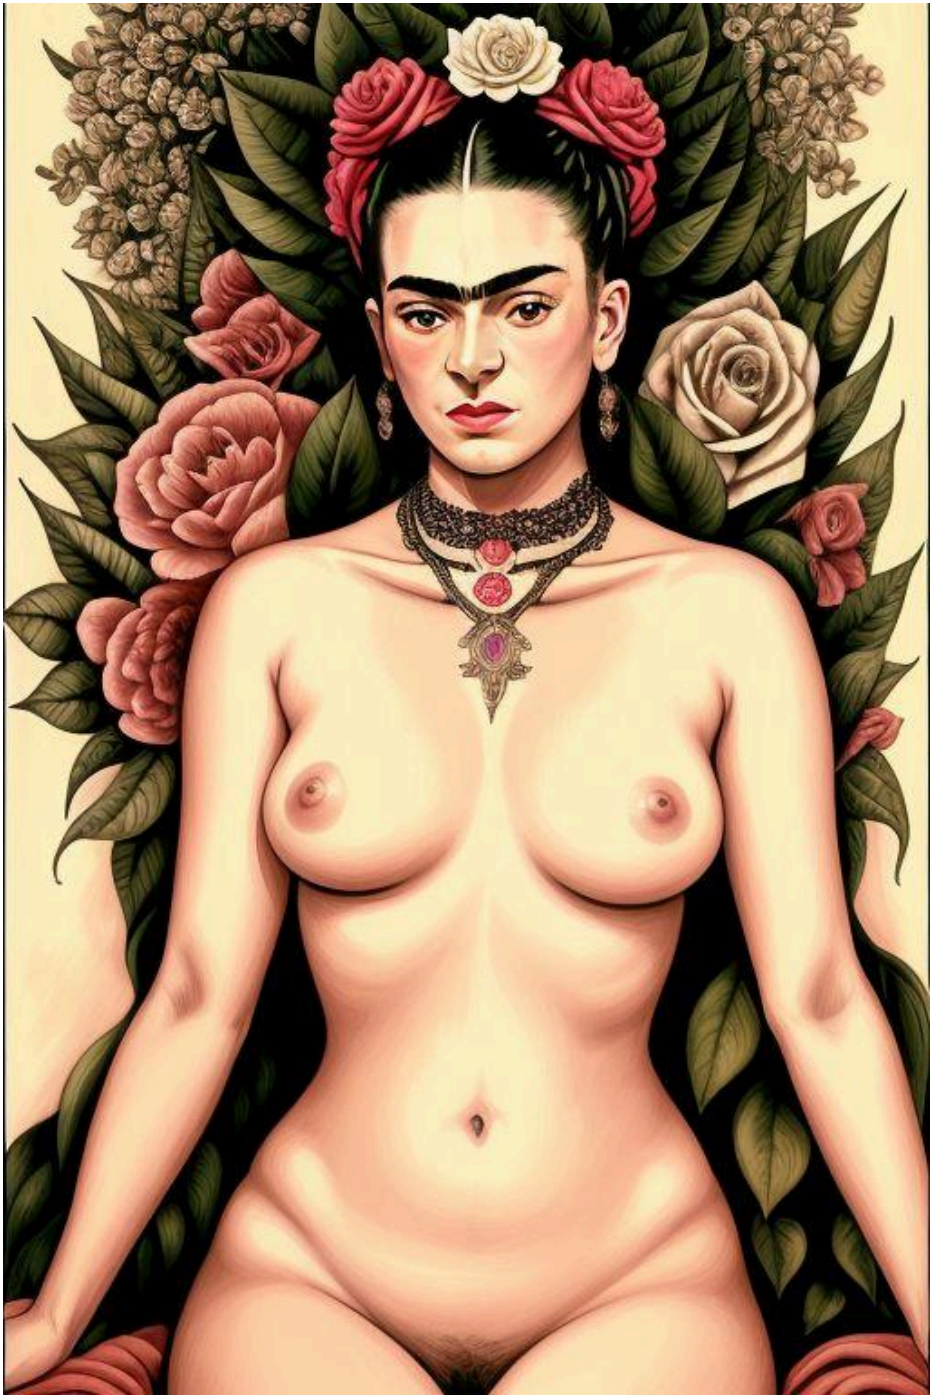
AMAZING Stories

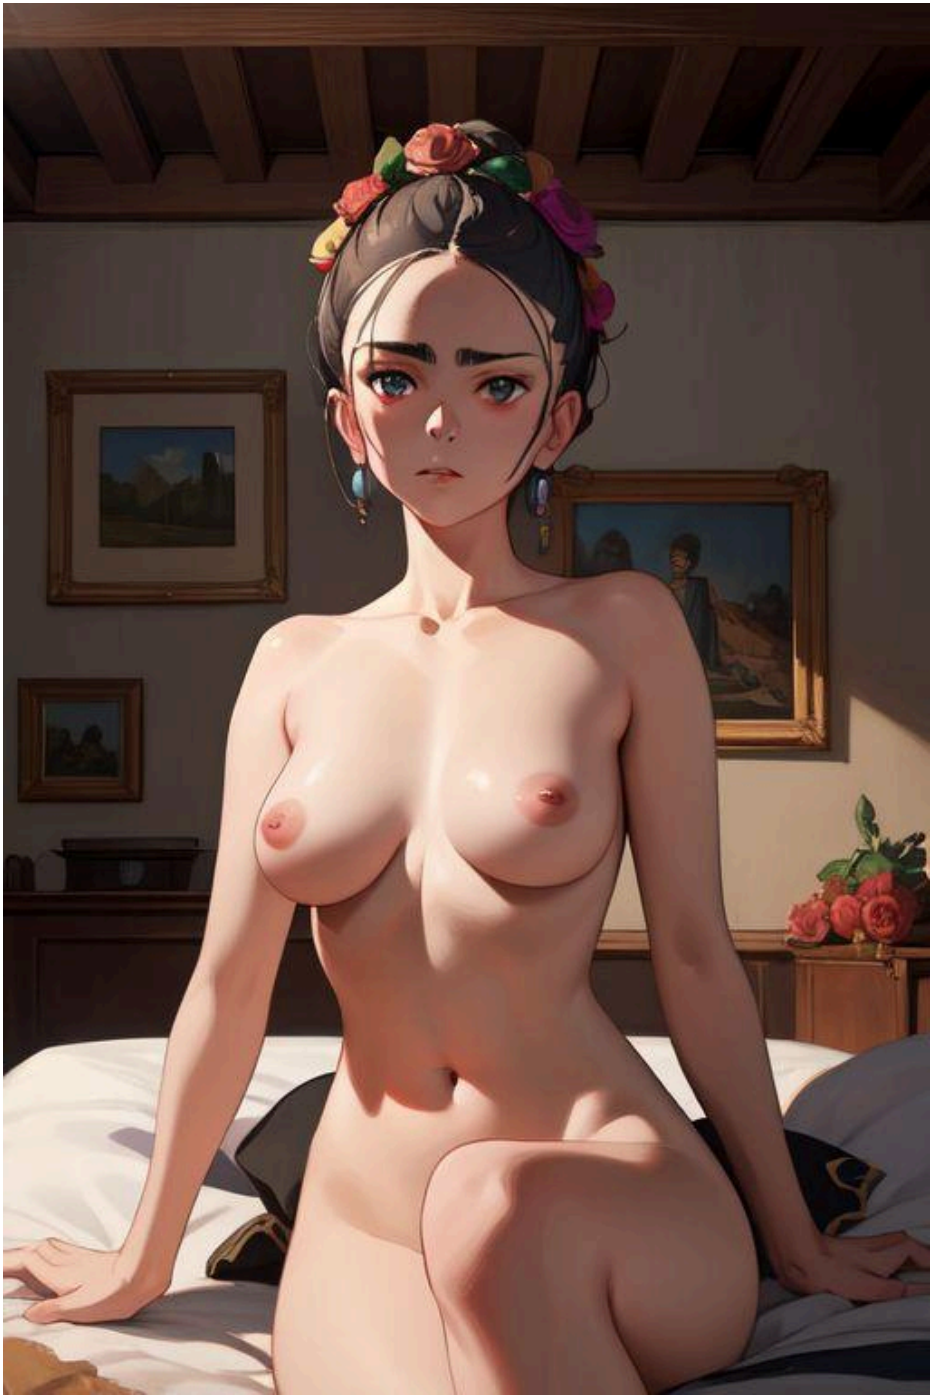


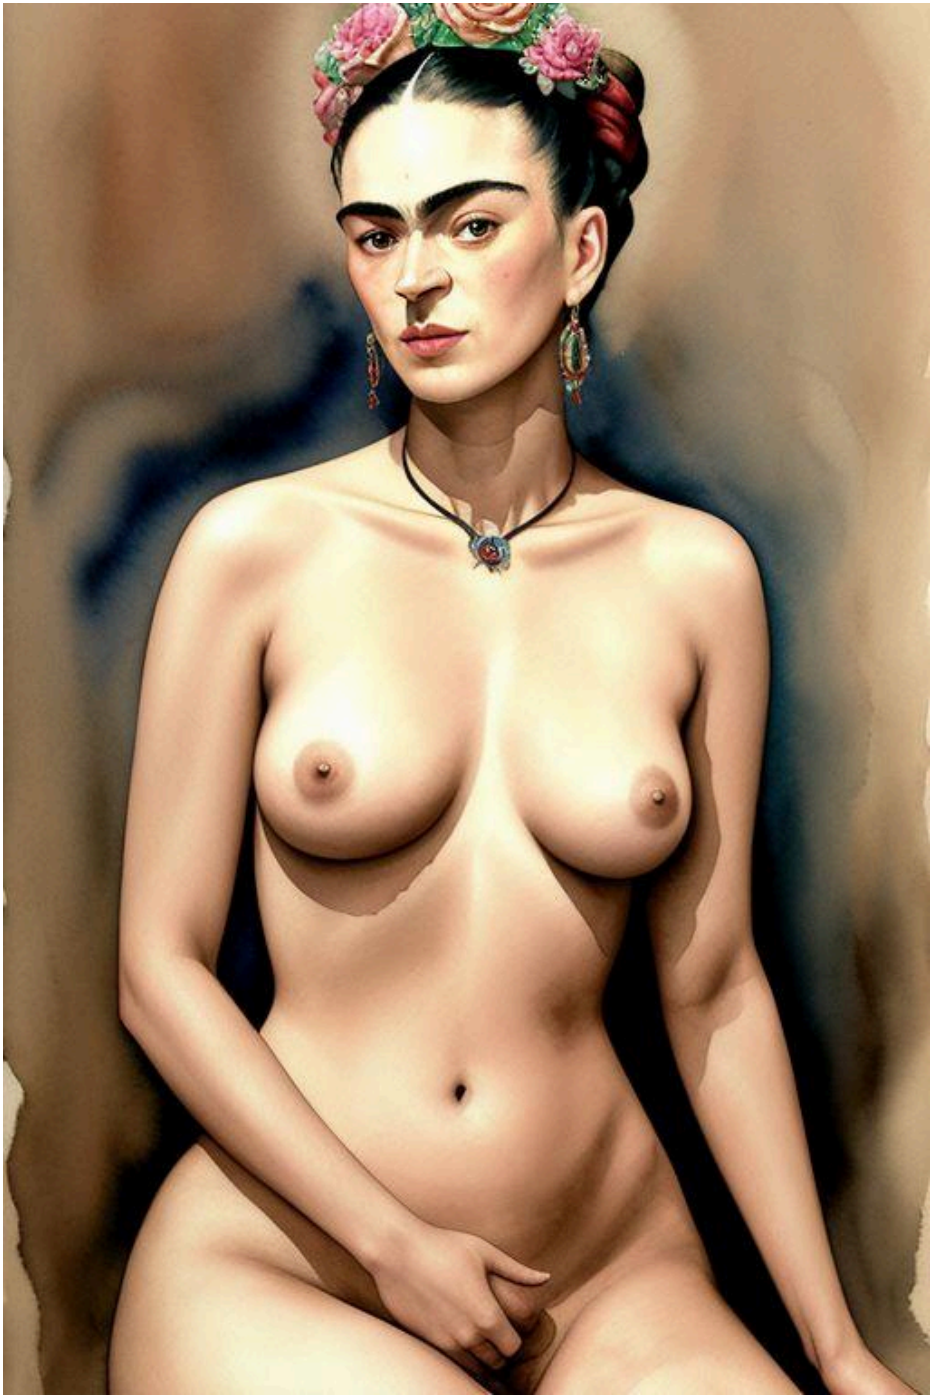


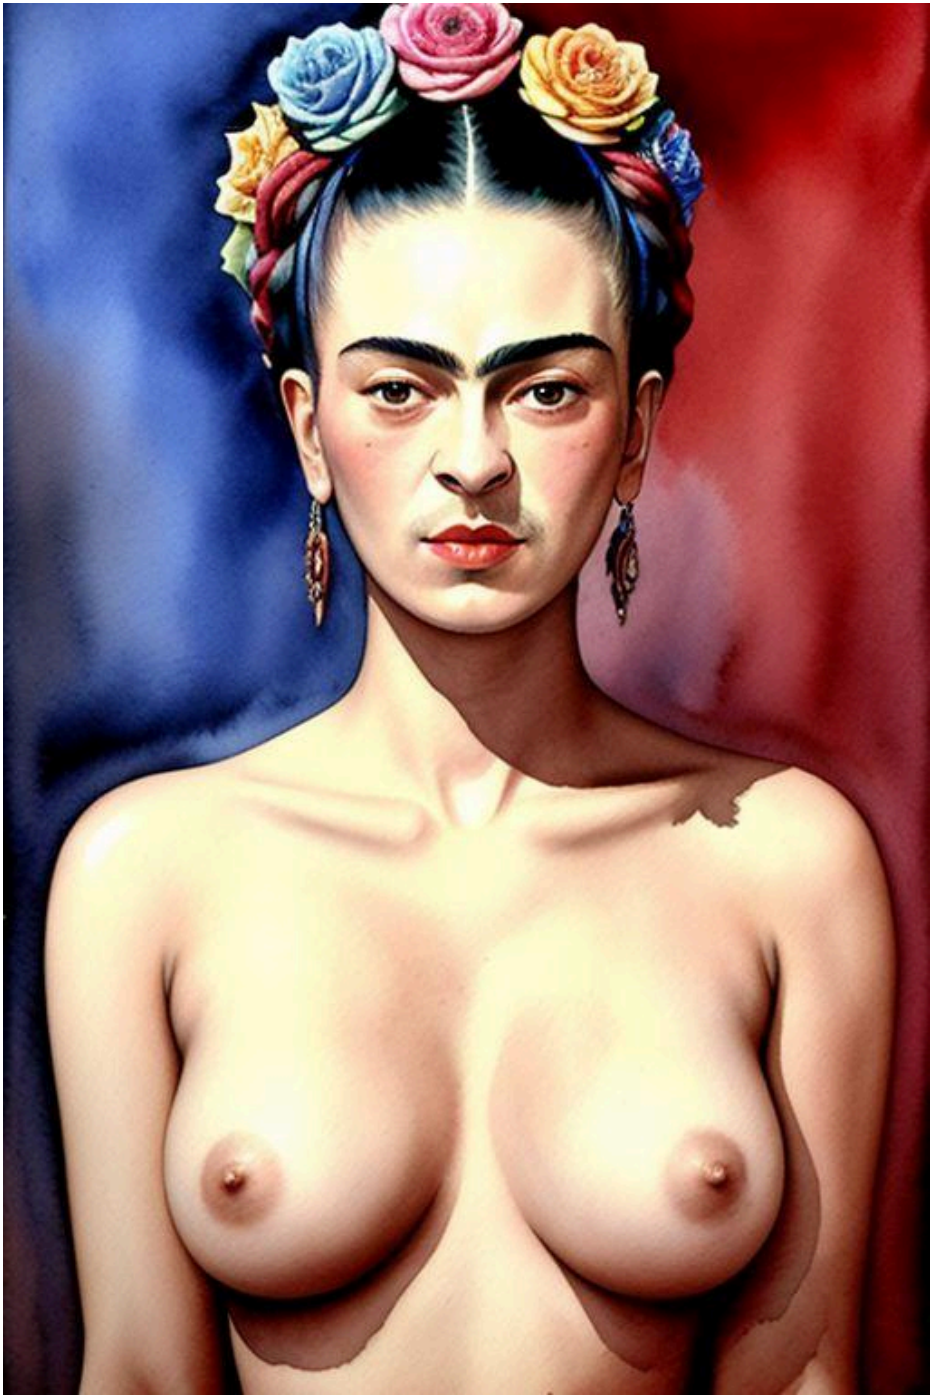
Frida Kahlo

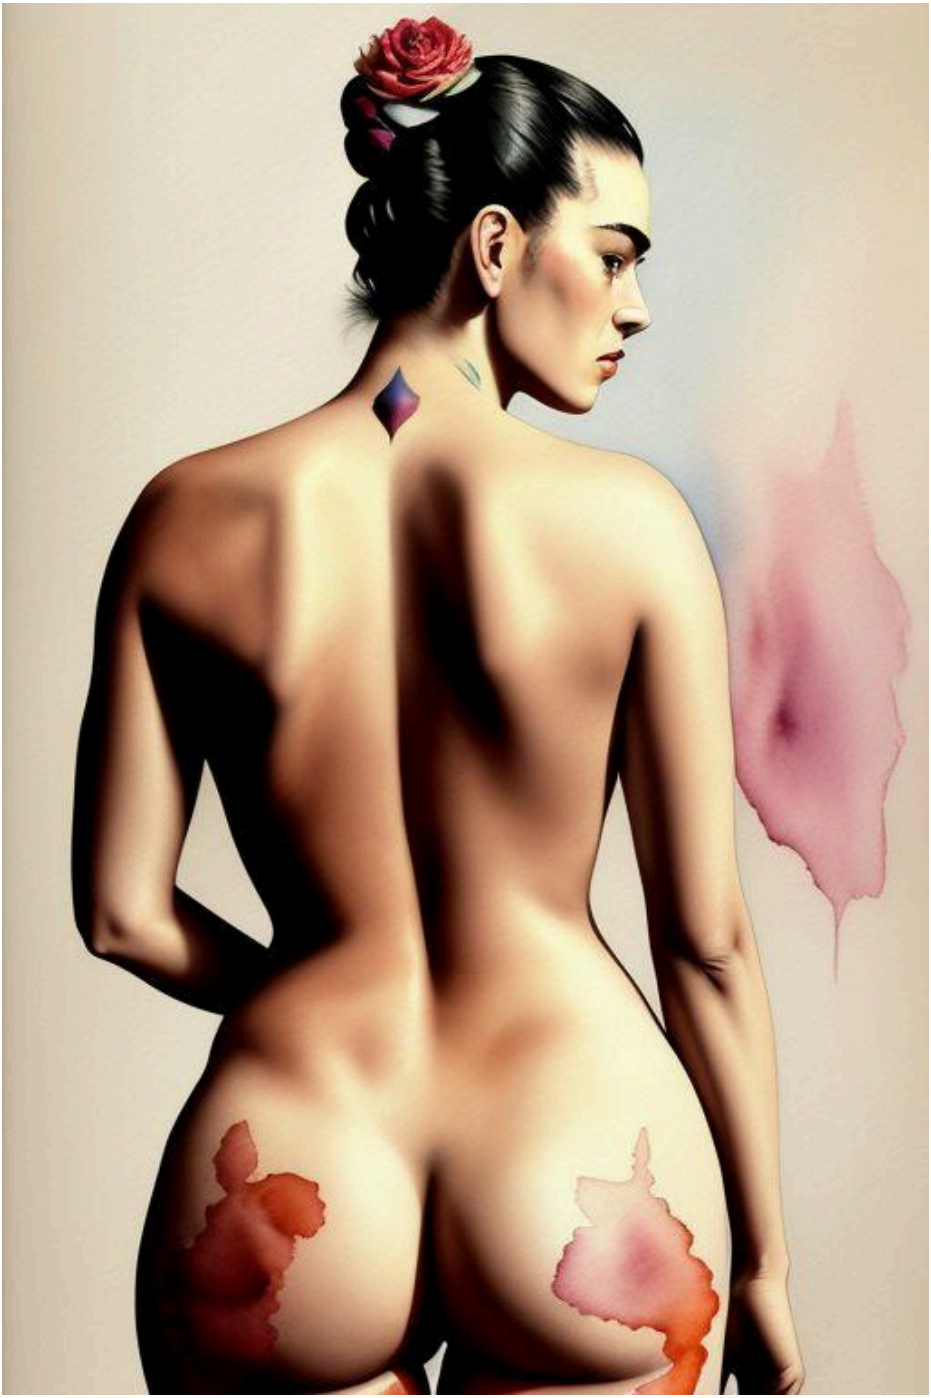
Frida Kahlo (1907-1954) was a famous artist and model. Using some criminal techniques, we got a bunch of stolen paintings photos and art of her, just so we could put them in our magazine. Several of our staff died in the process. You're welcome!

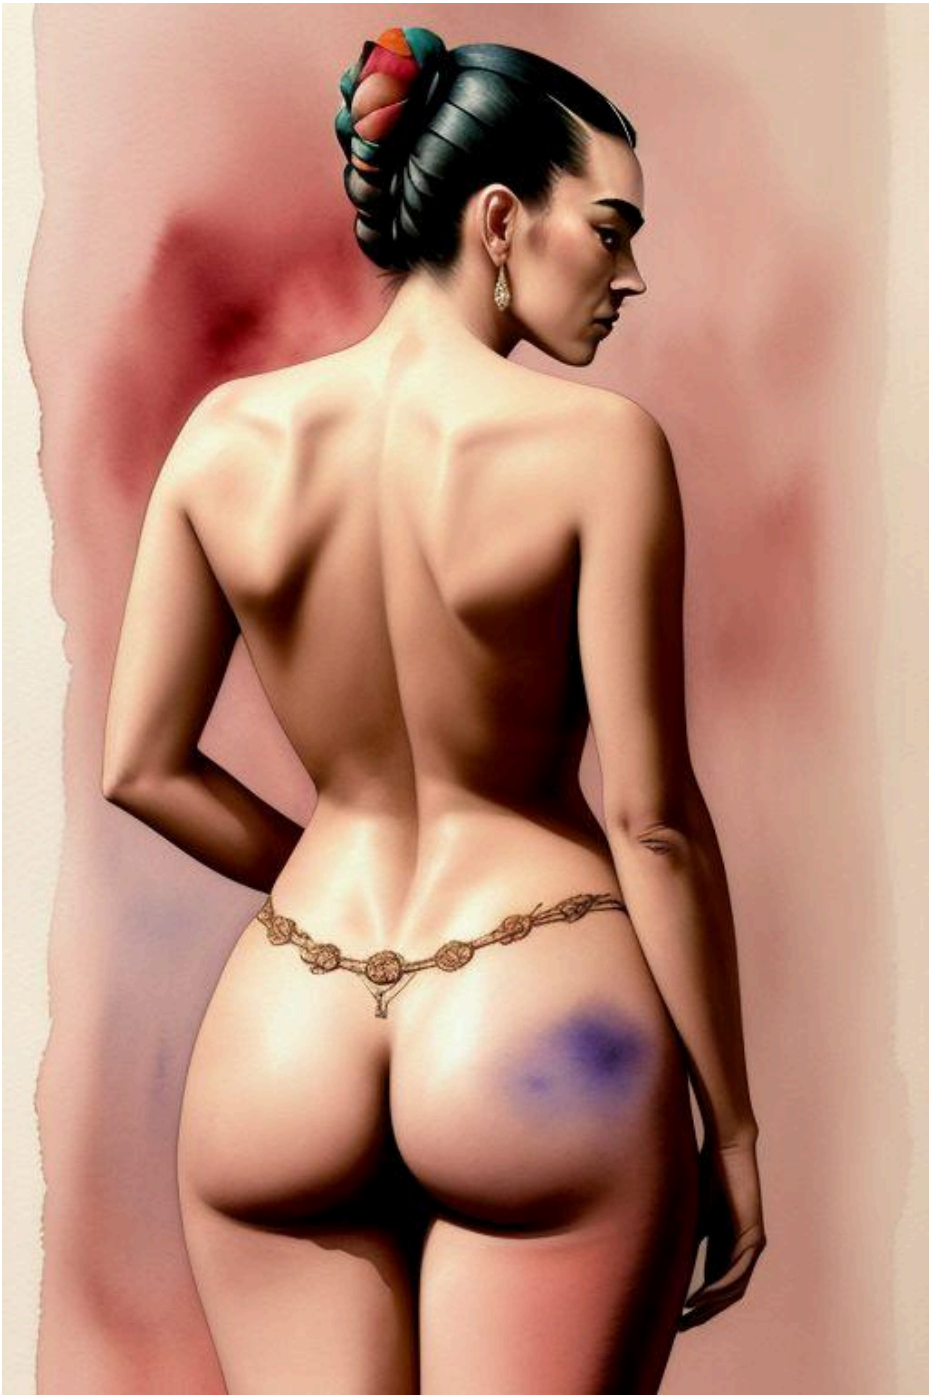


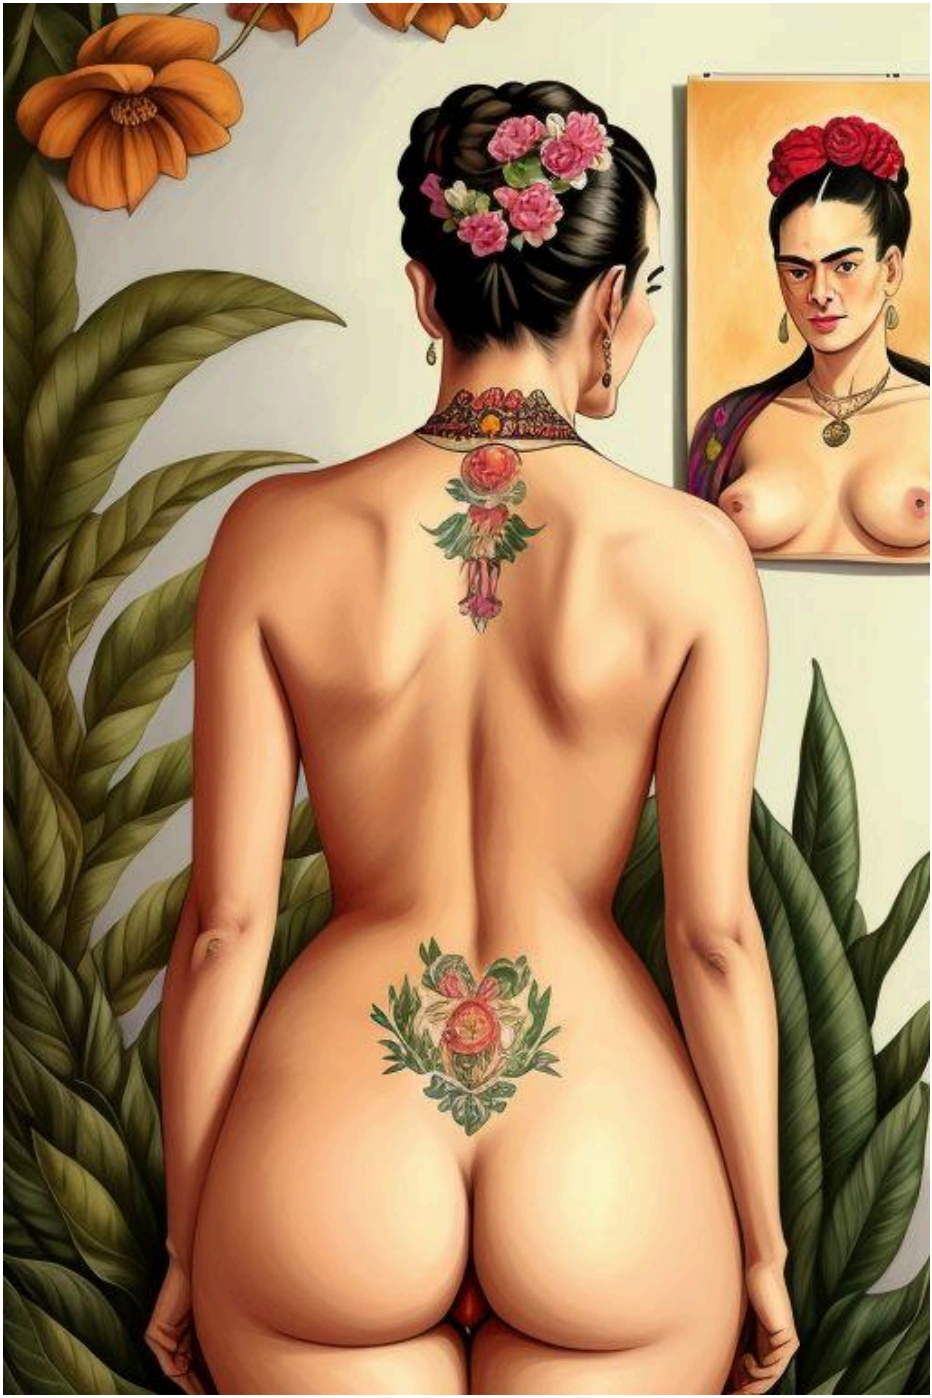


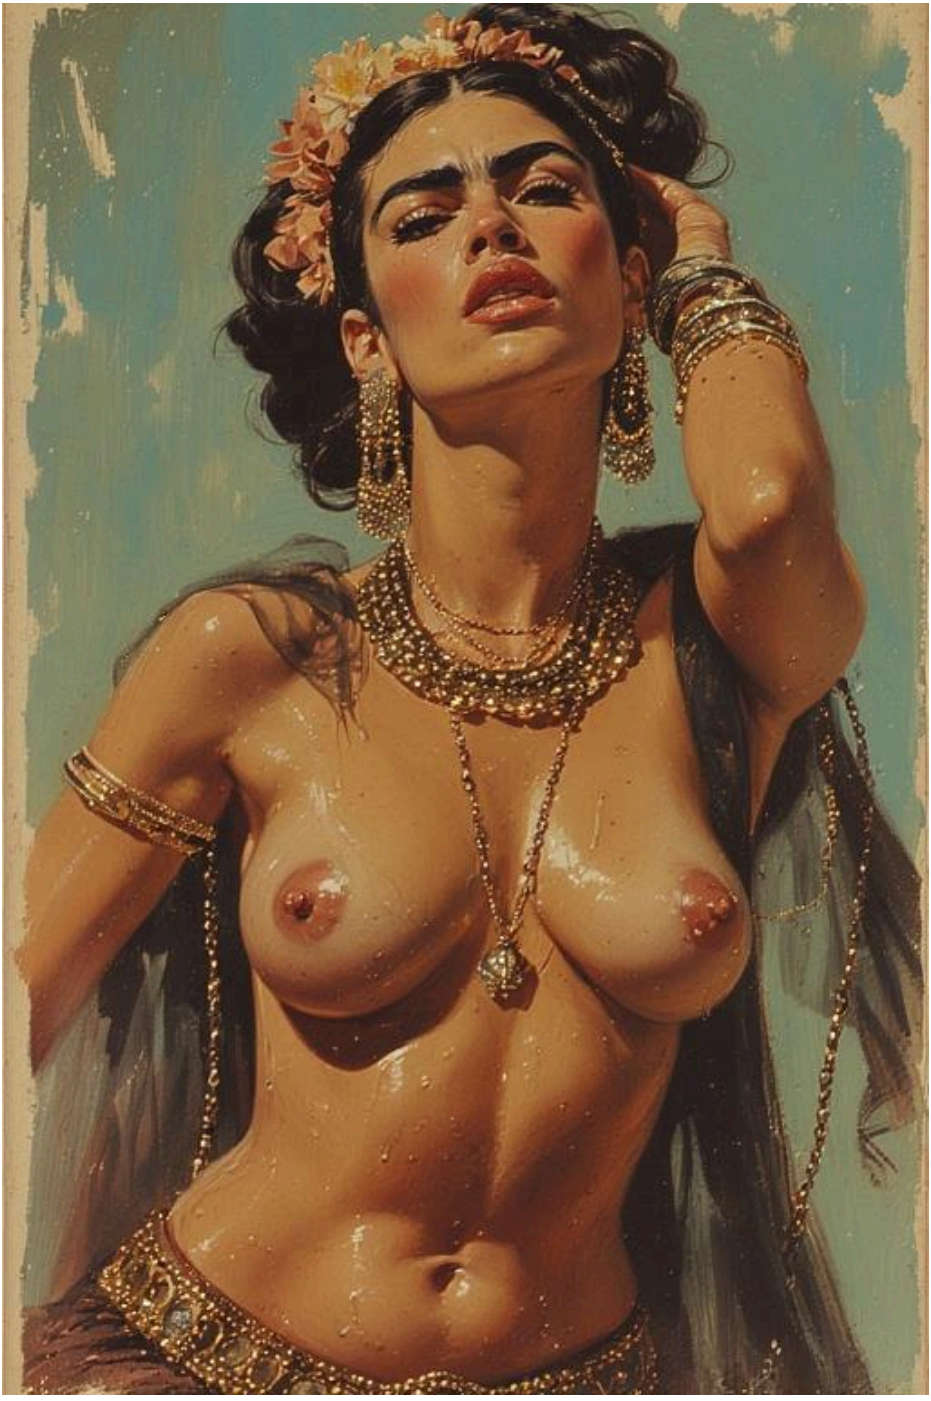


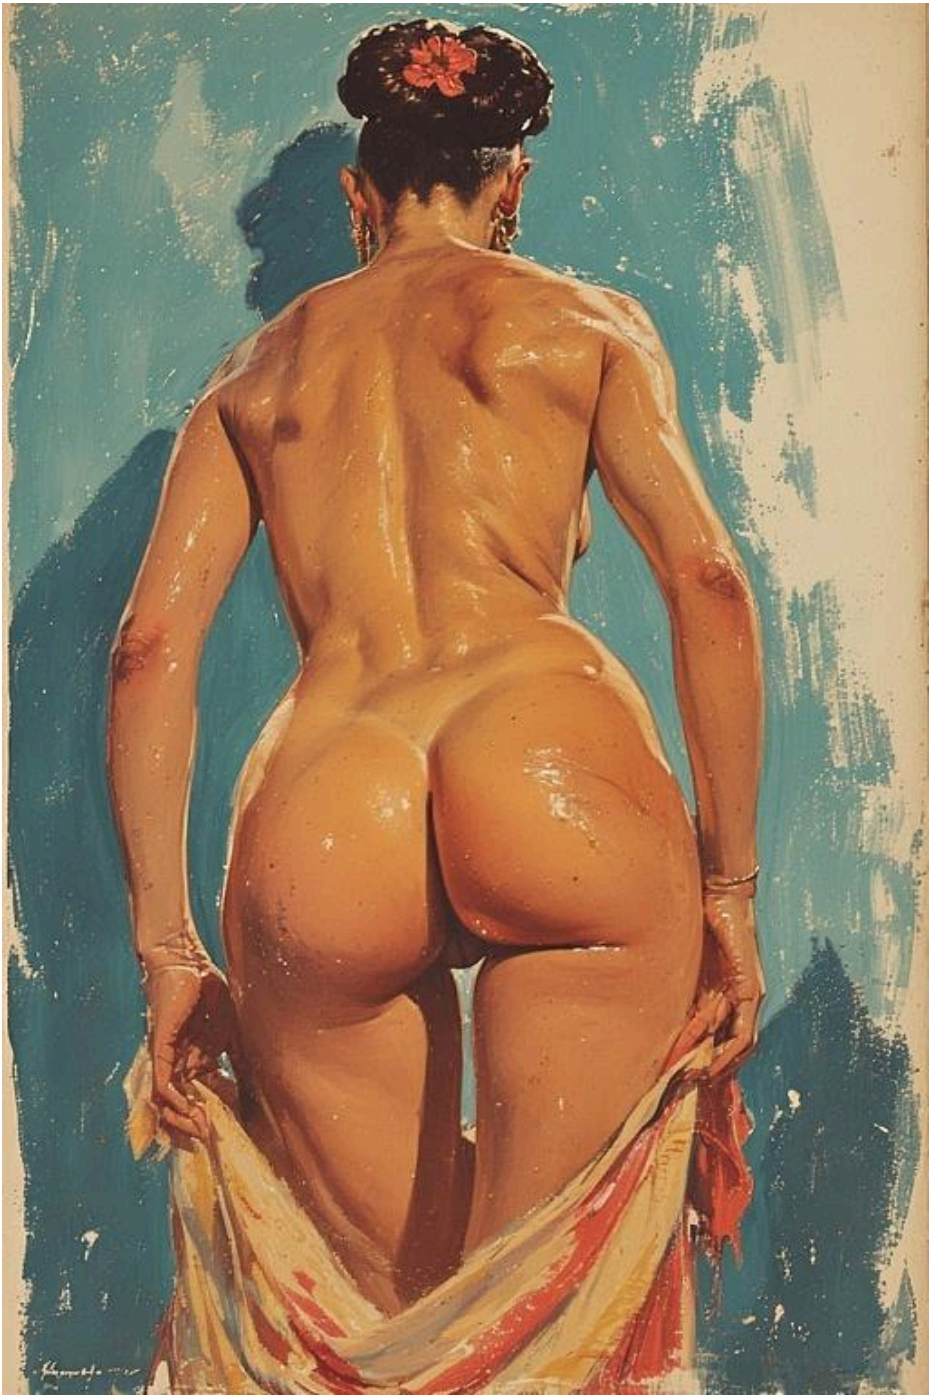


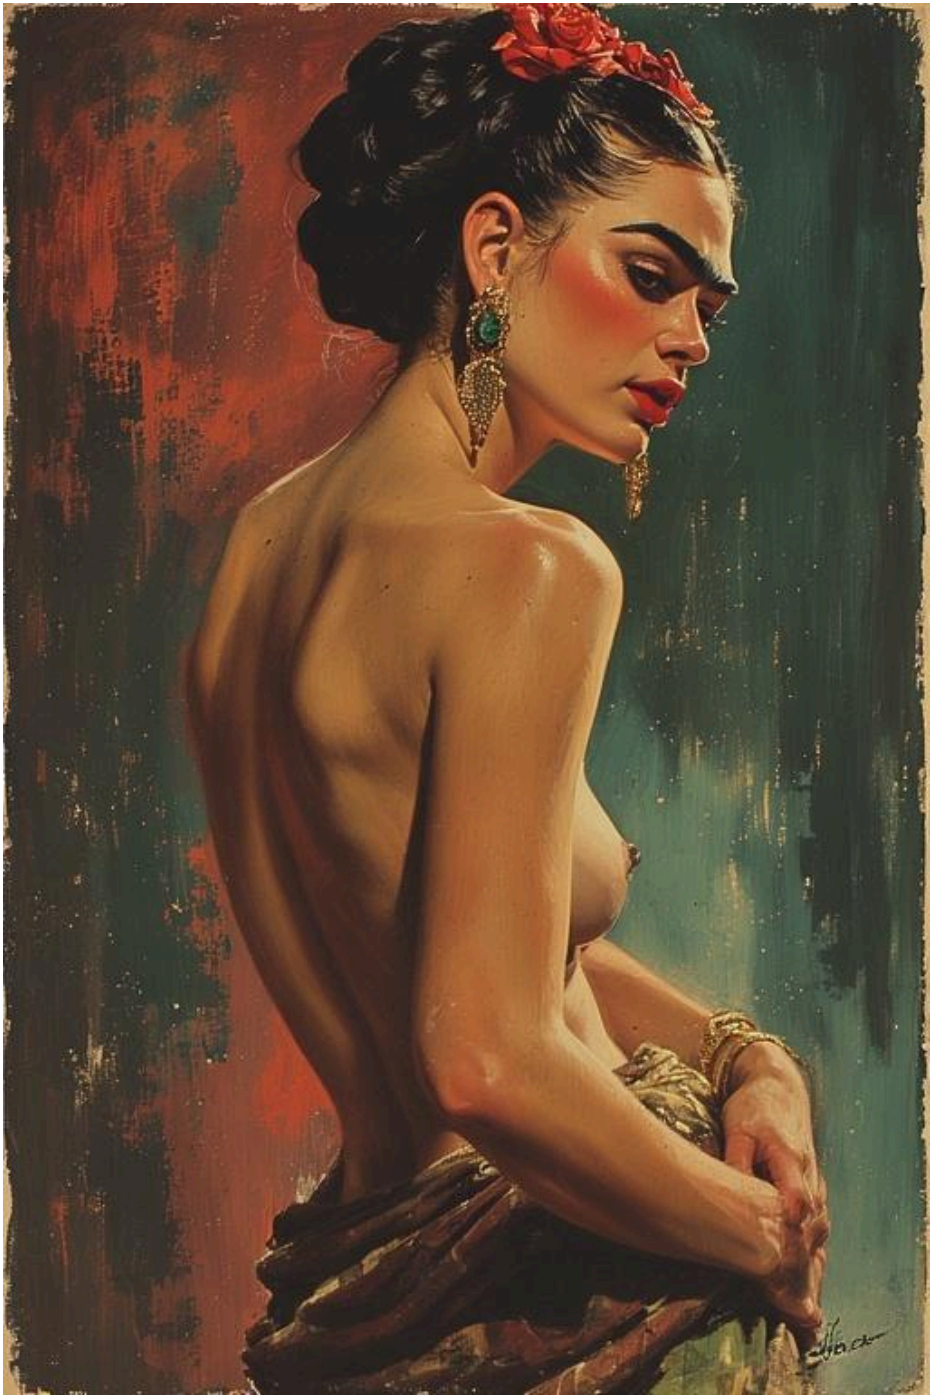


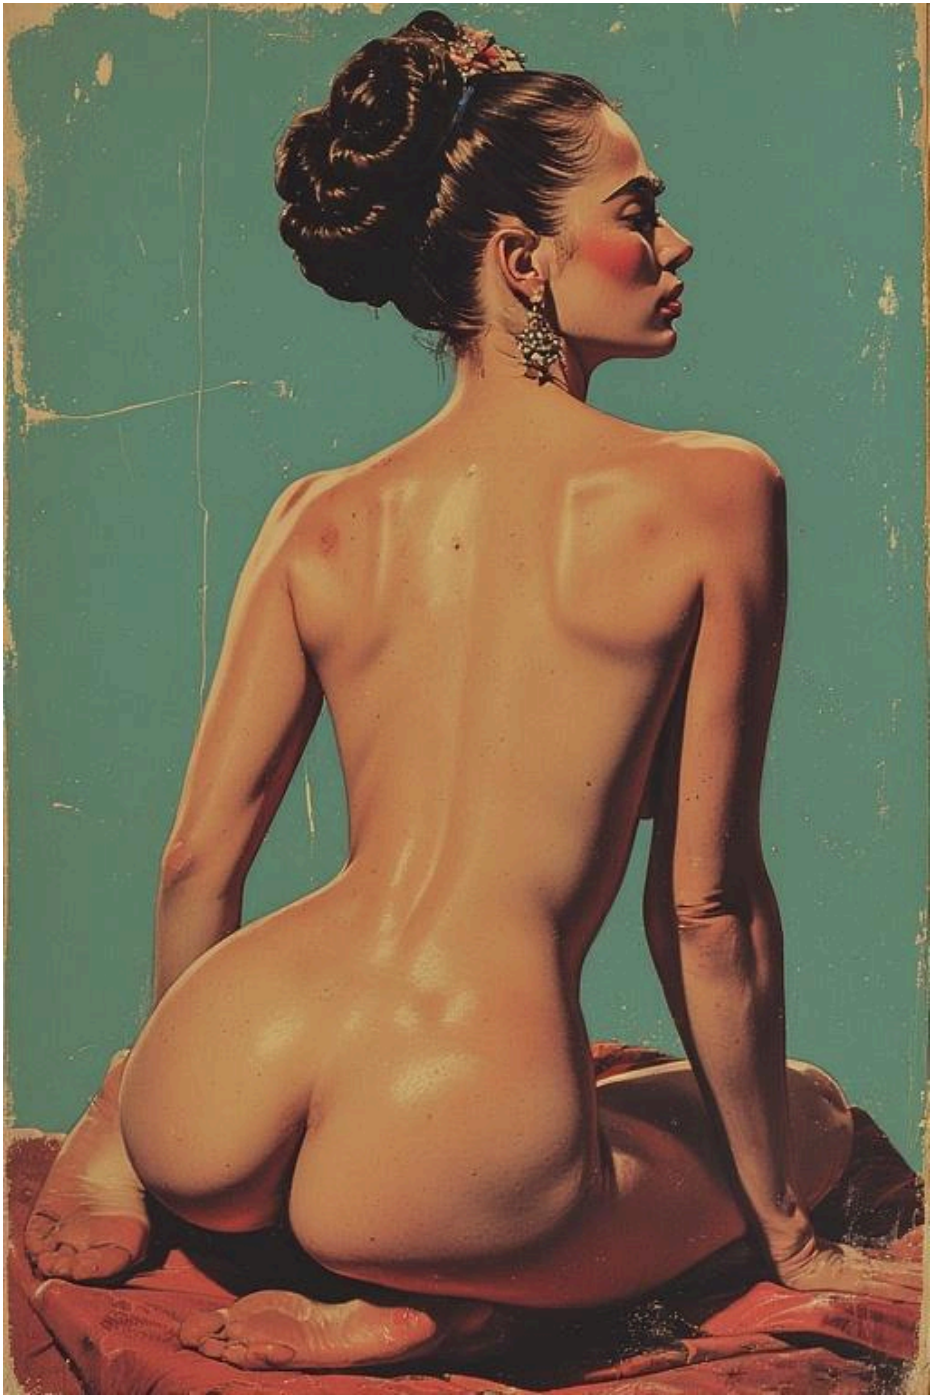


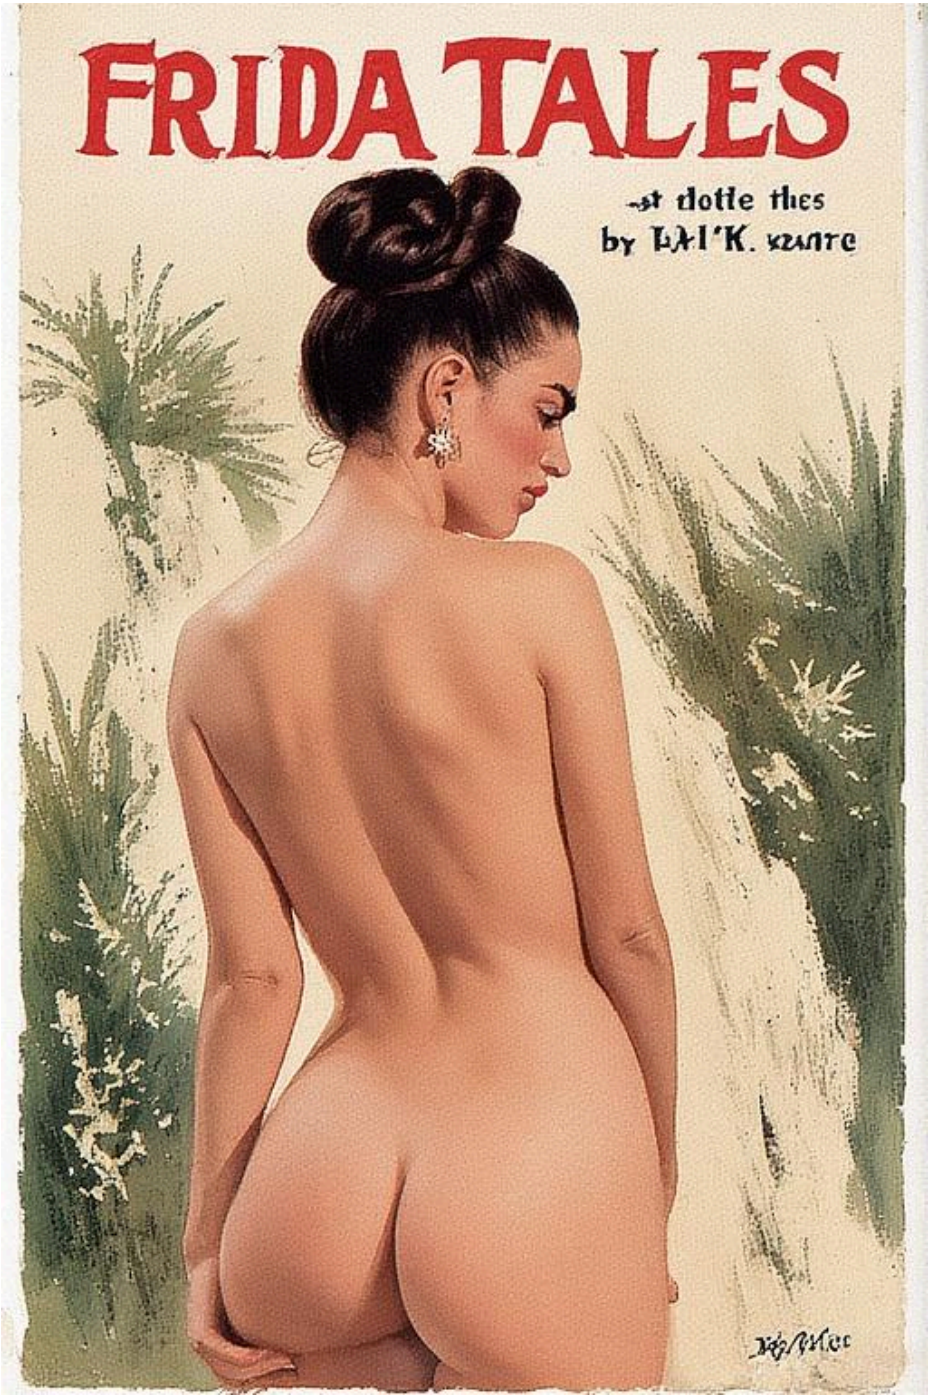




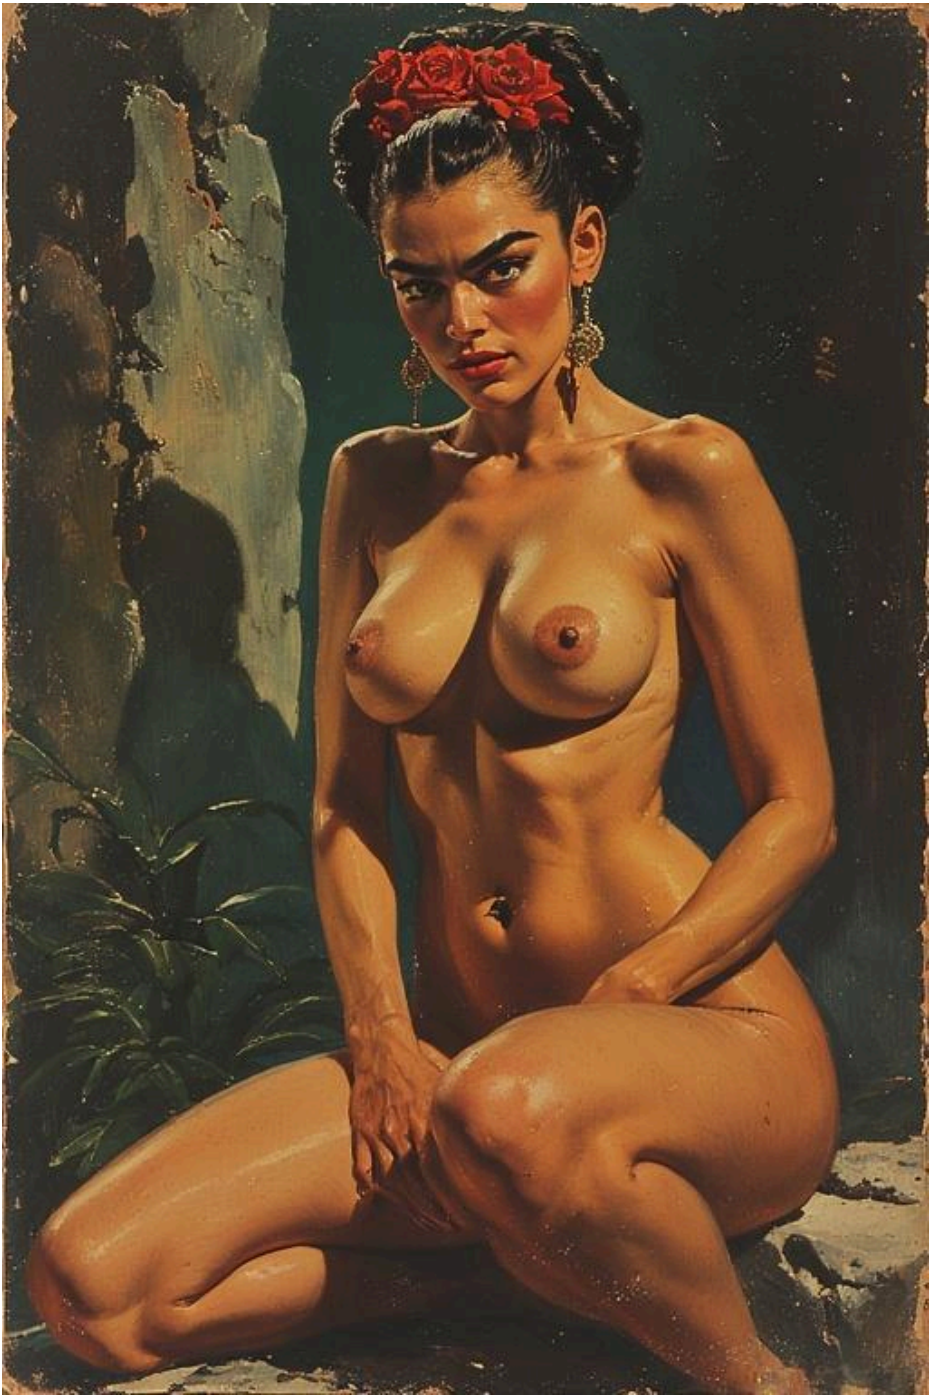


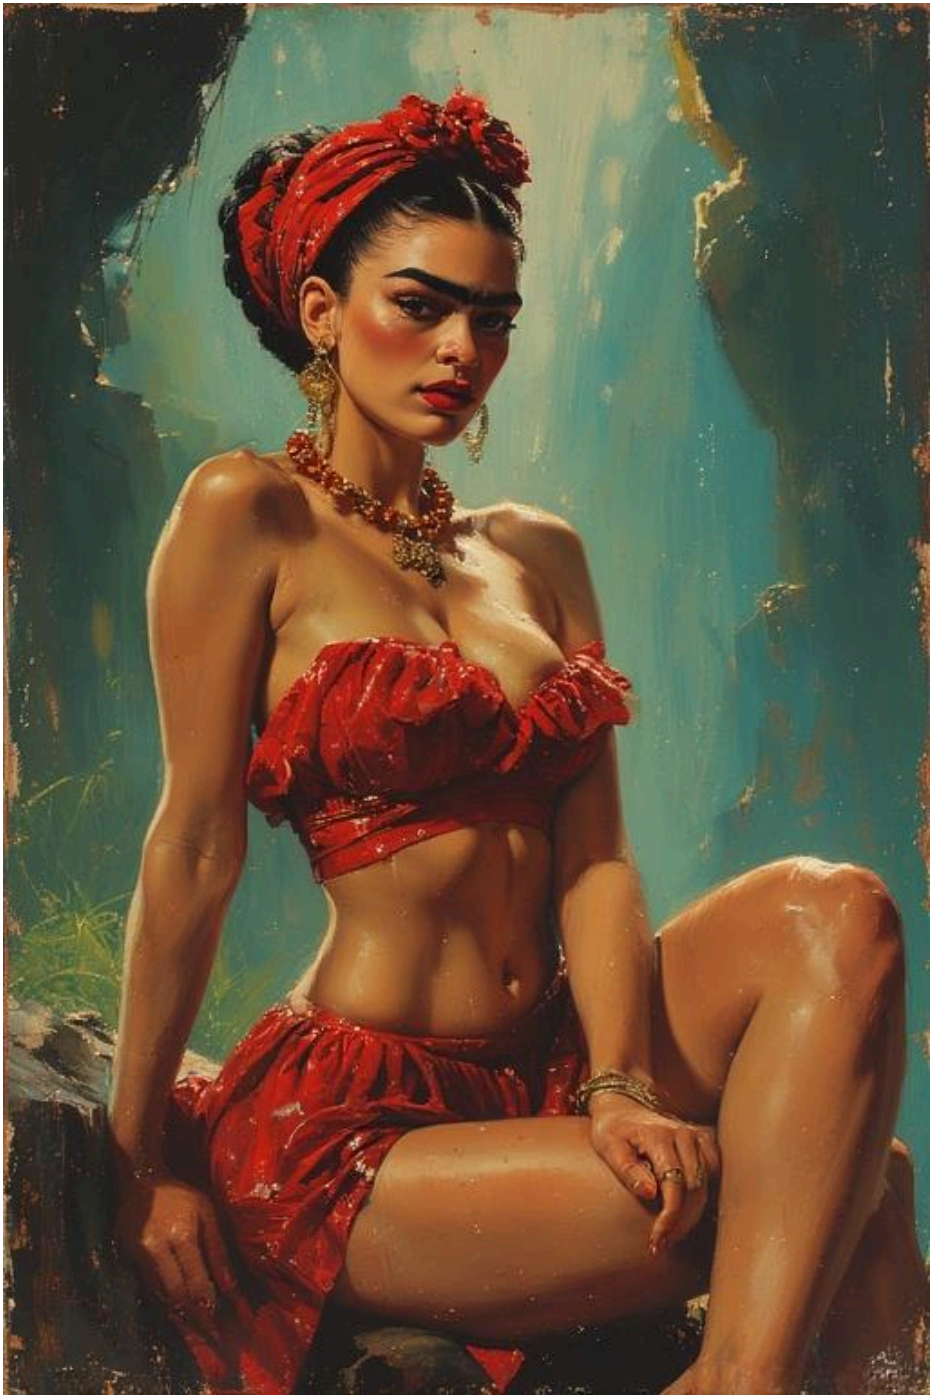


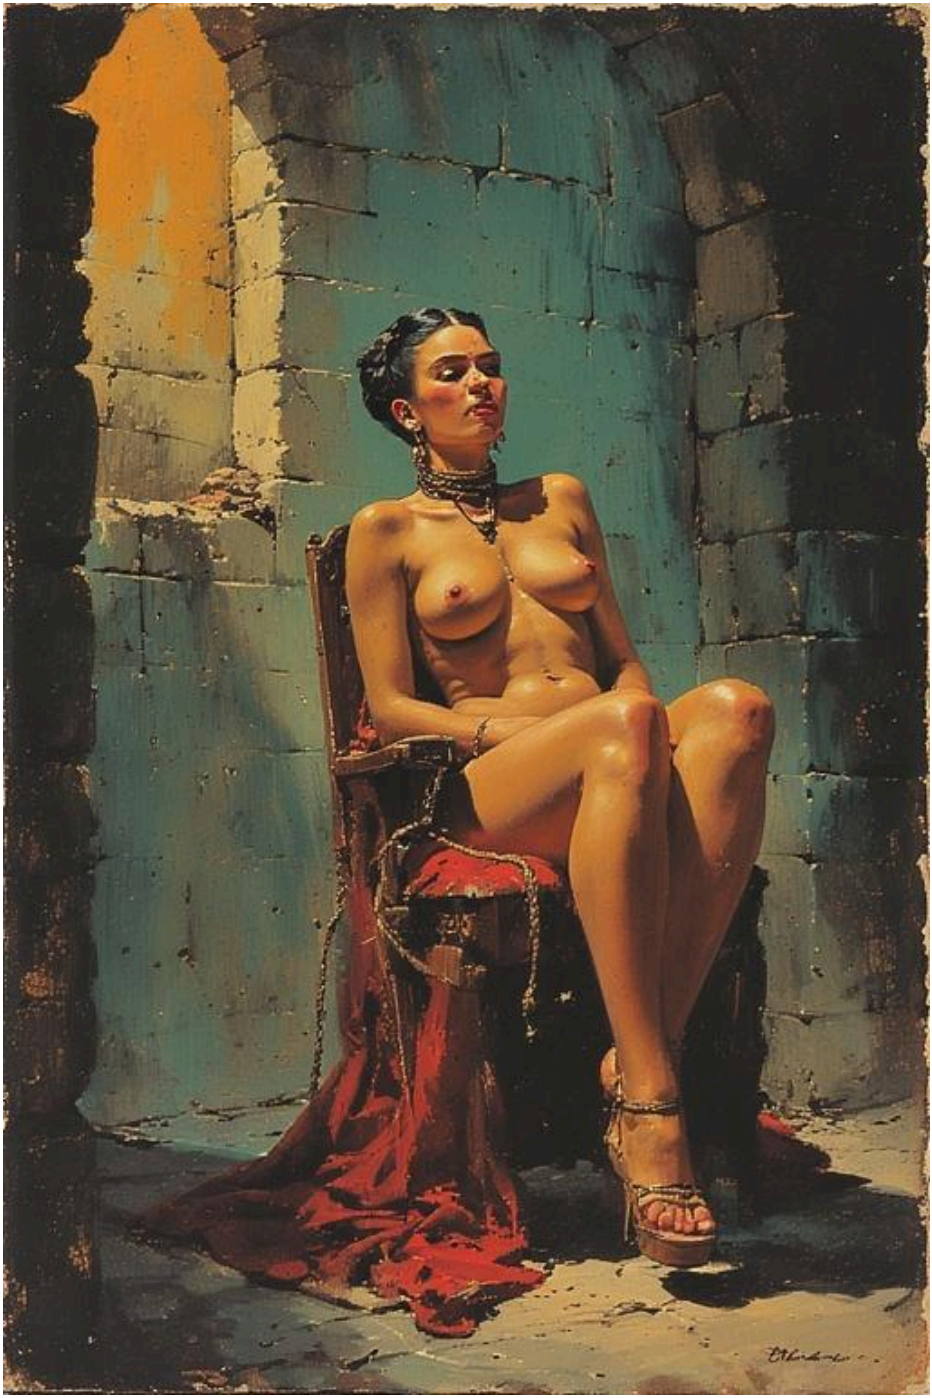


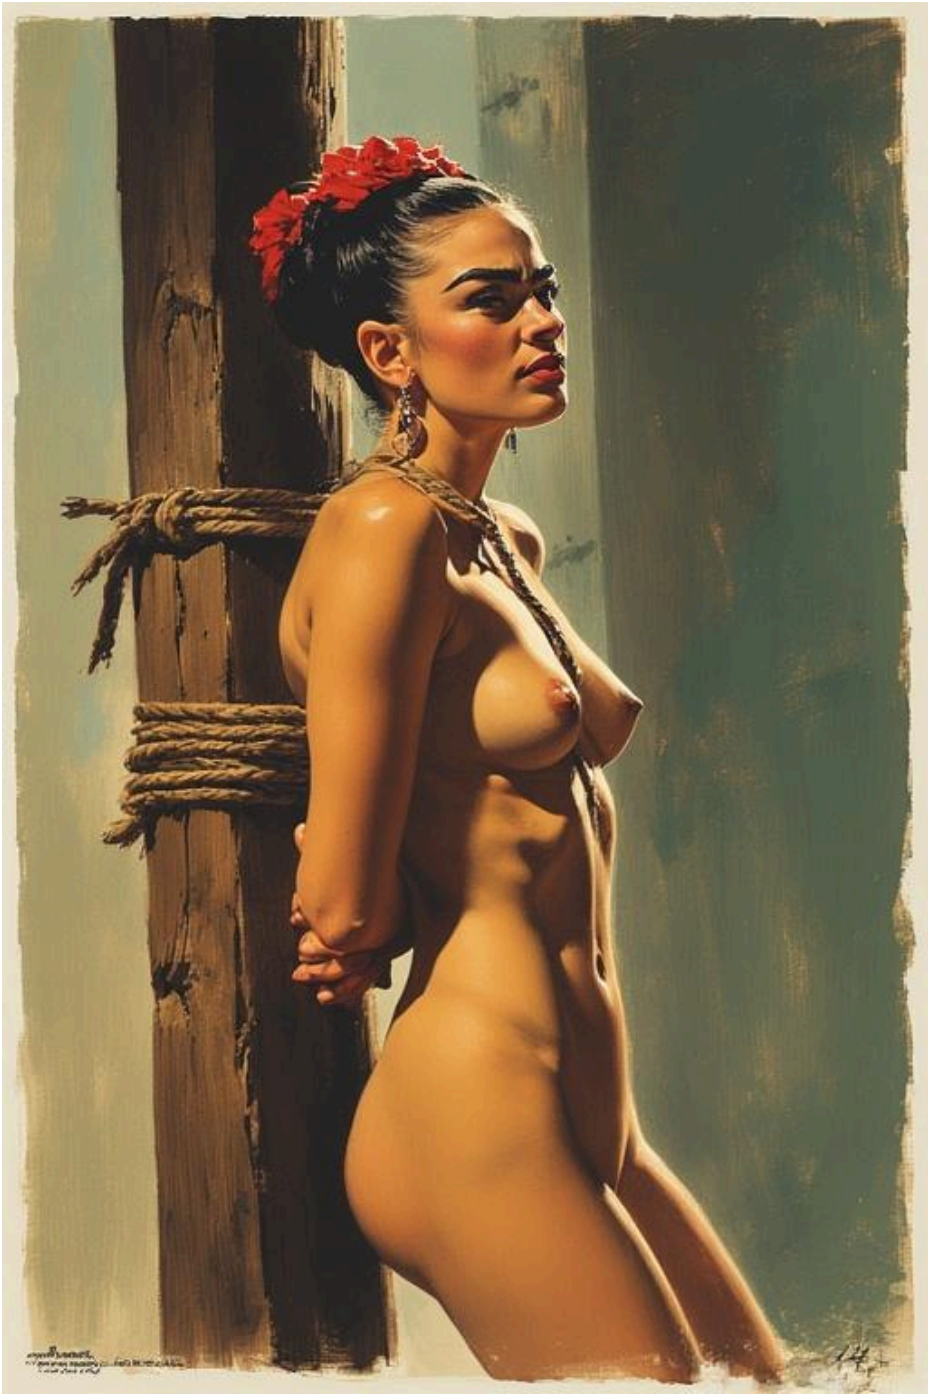


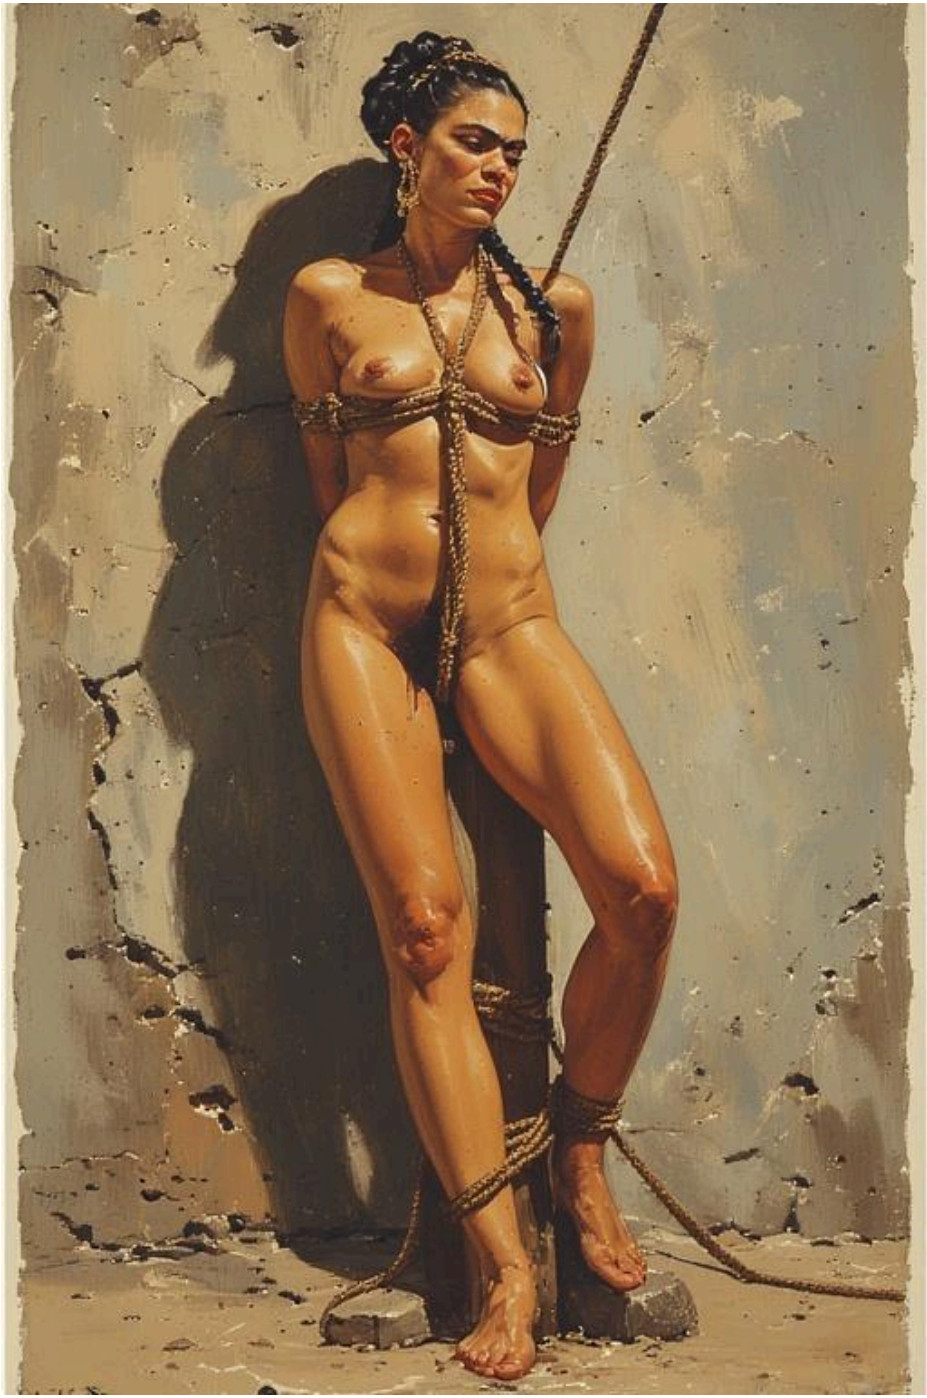
FRIDA TALES

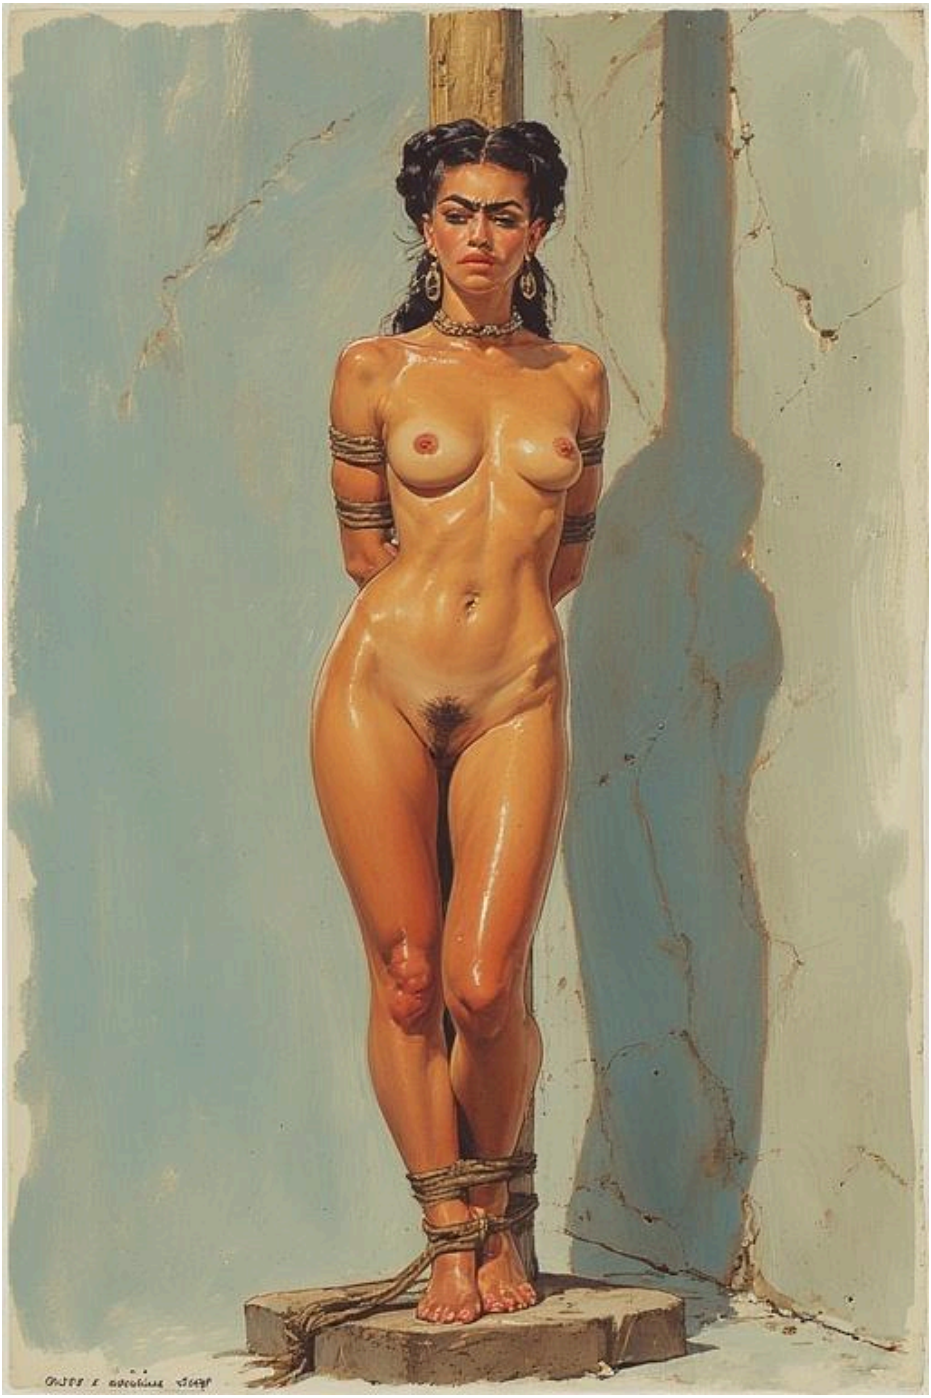












Women in Trenchcoats

It’s generally agreed that women in Trenchcoats look beautiful. And they look even prettier with nothing underneath their Trenchcoats. So to test these prospective wannabe models, we made them go out in public, to prove they were serious about it.

Tiny Bikinis

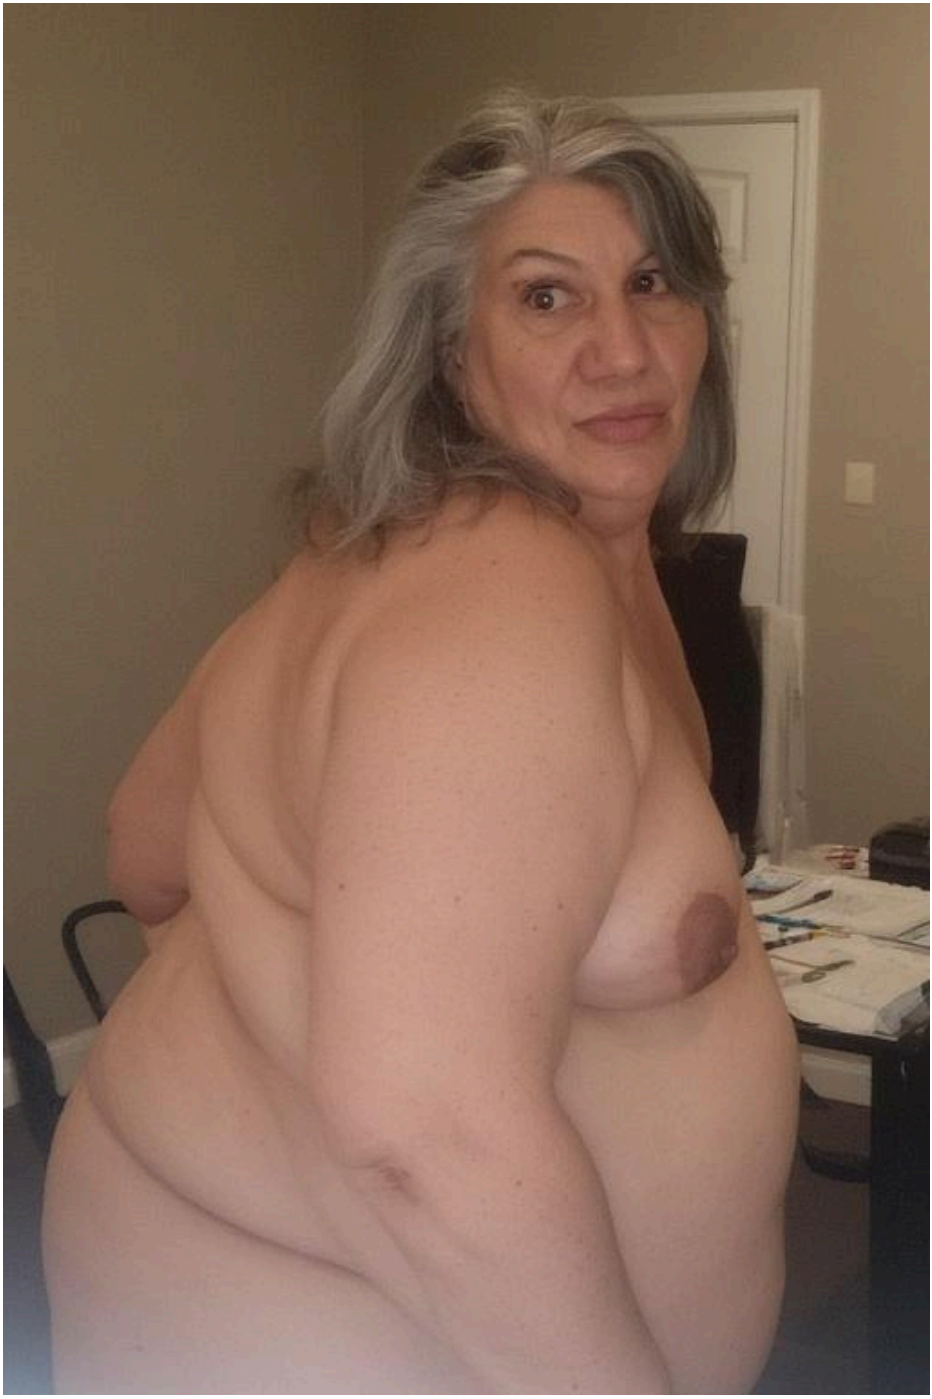
Some women are very modest, and don’t like posing nude. Instead they prefer to cover up more and wear bikinis. We decided it would be unfair to discriminate against prudes, I mean modest women, so we let them pose for our magazine - as long as they did it for free.

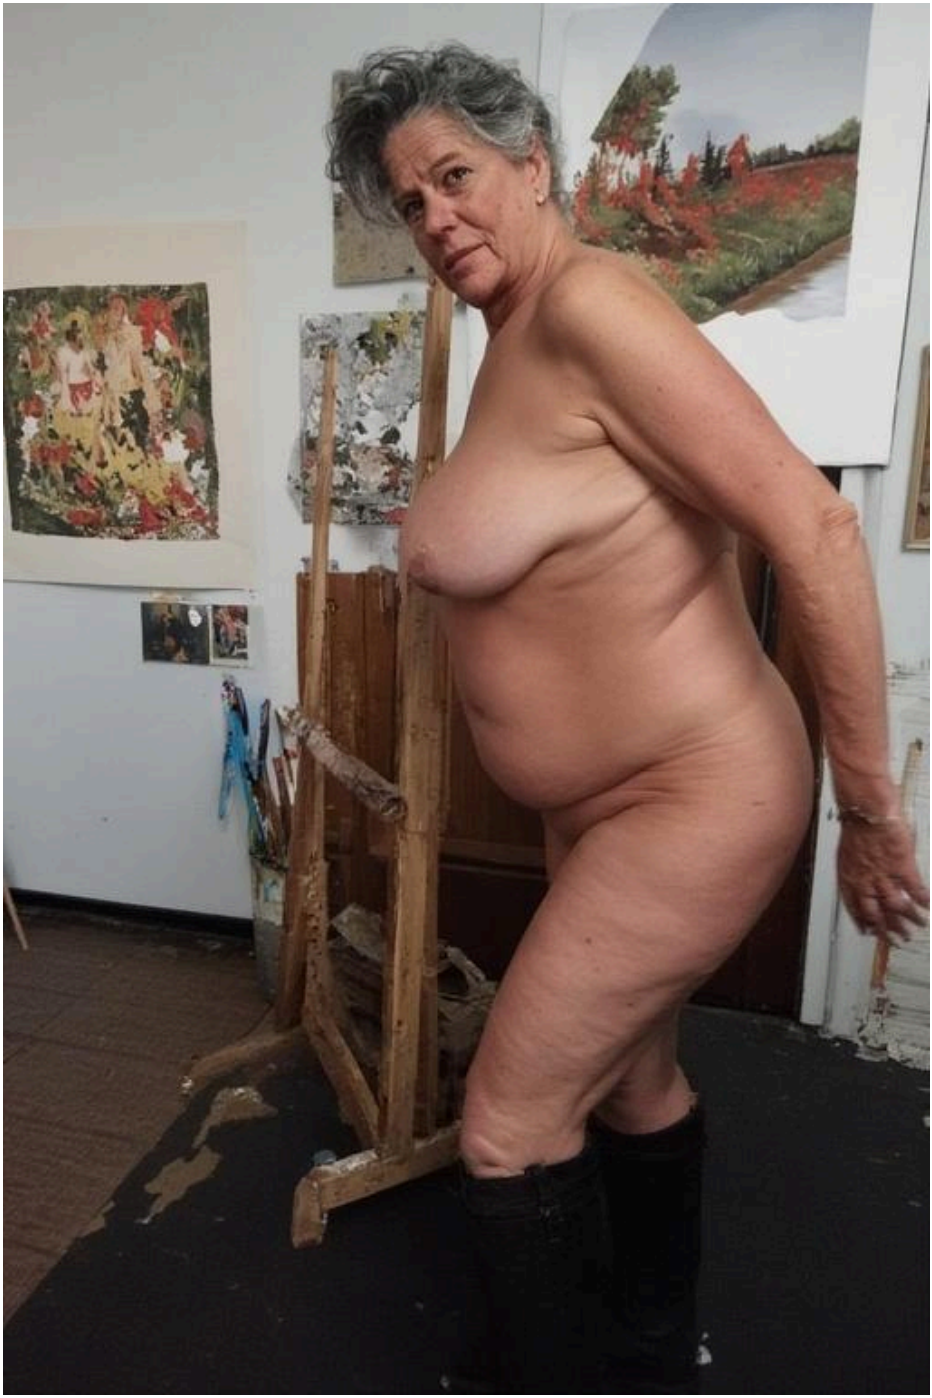
Naked in Public

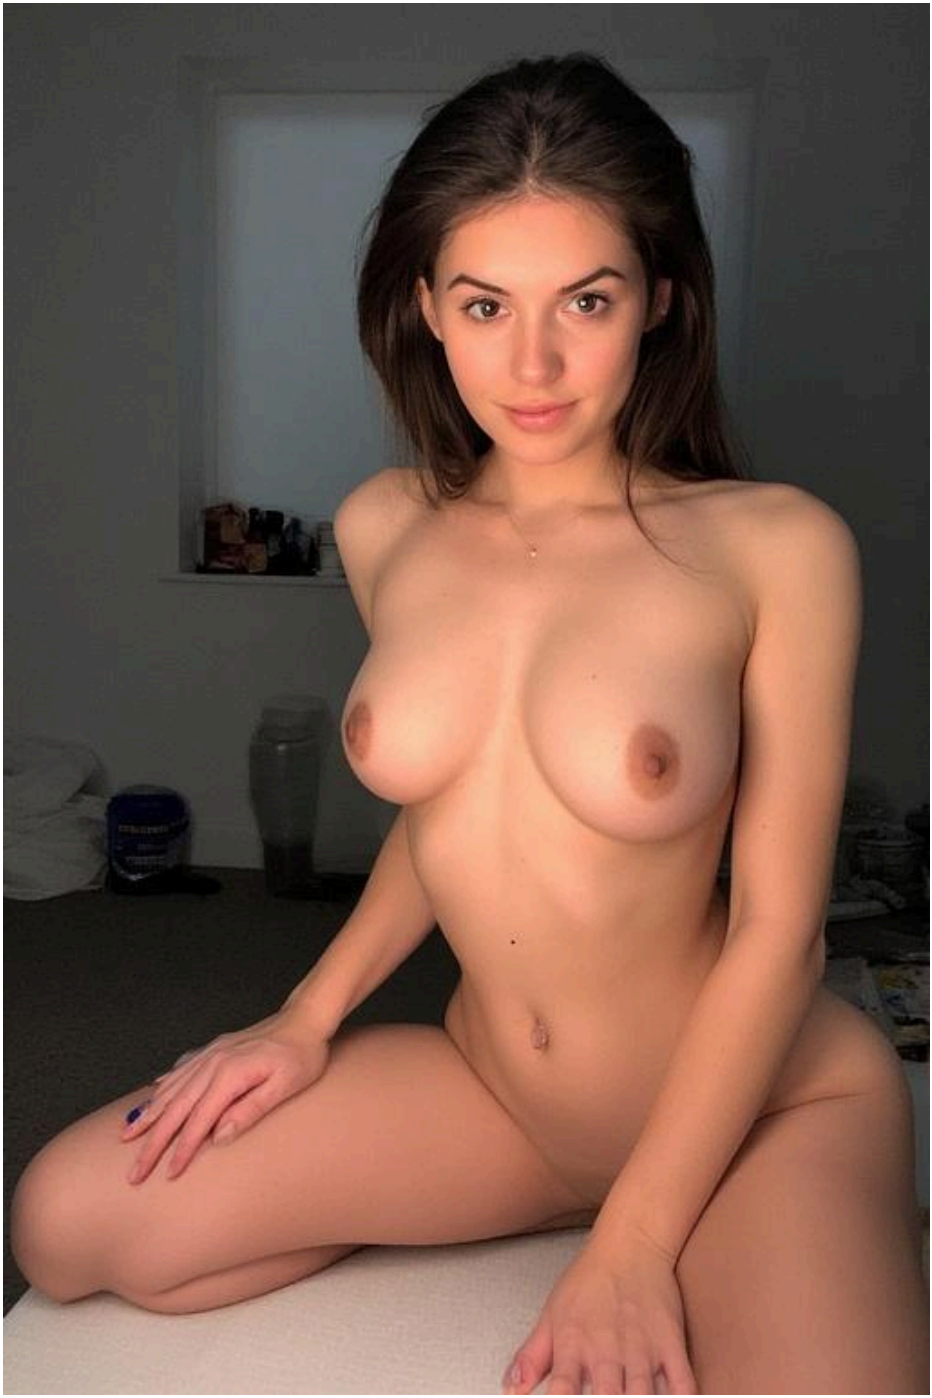
These women came into our office, asking for work. We had them stripped, their bodies rubbed up and down with oil. Then they had to go out nude on the city streets and prove they were willing to do anything to get a modelling opportunity.

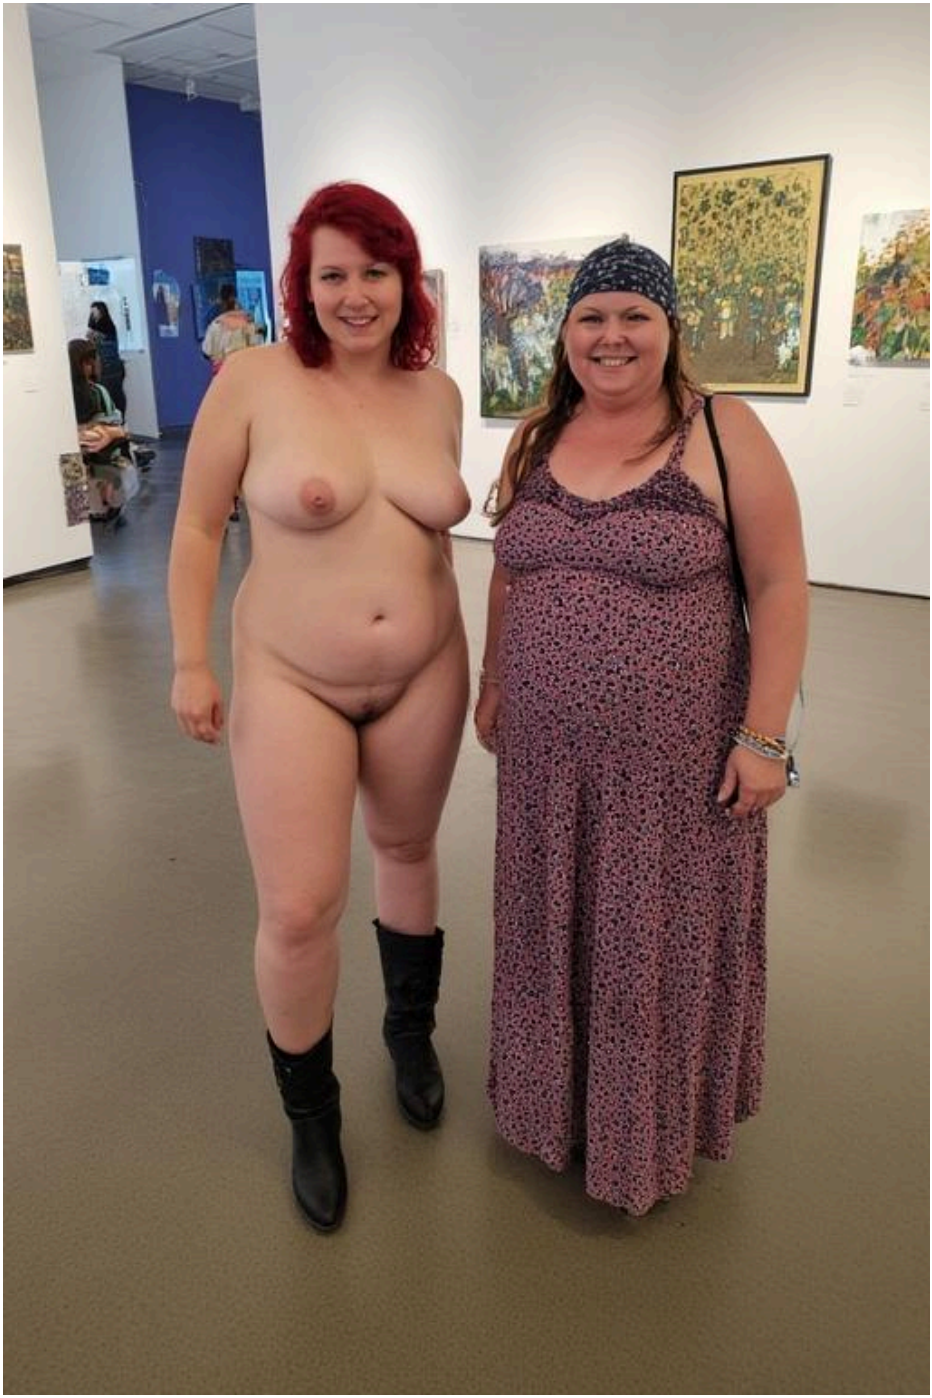
Life Drawing

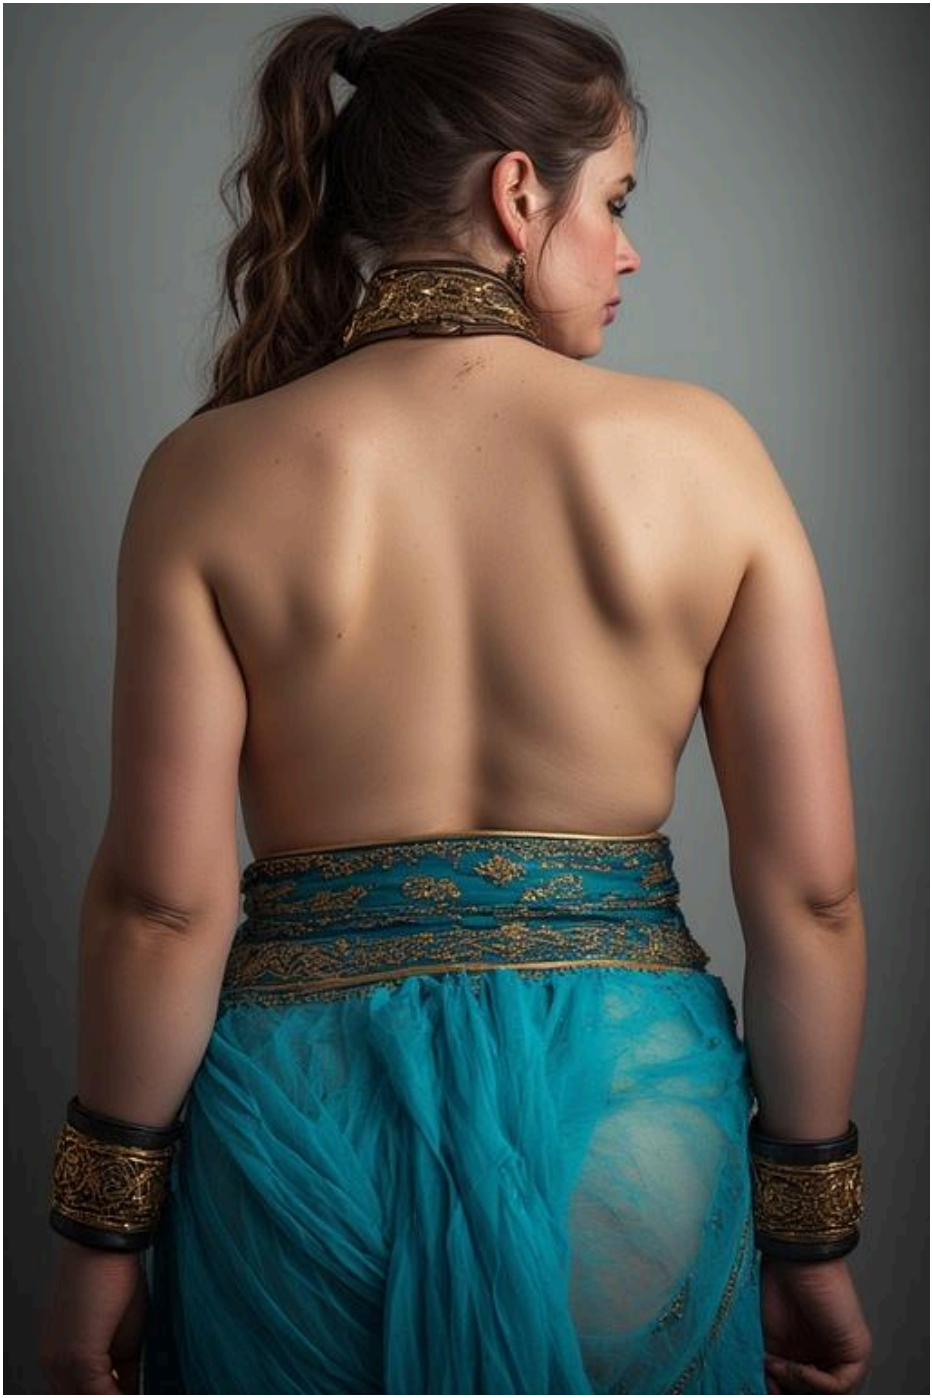
We contacted a bunch of female artists and asked them to round up their models, so they could pose nude for our magazine. We didn't pay them anything, but we offered them exposure and publicity, which was doing them a huge favour. Life models aren't supposed to do it just for the money, anyway. It's supposed be about the love of art.

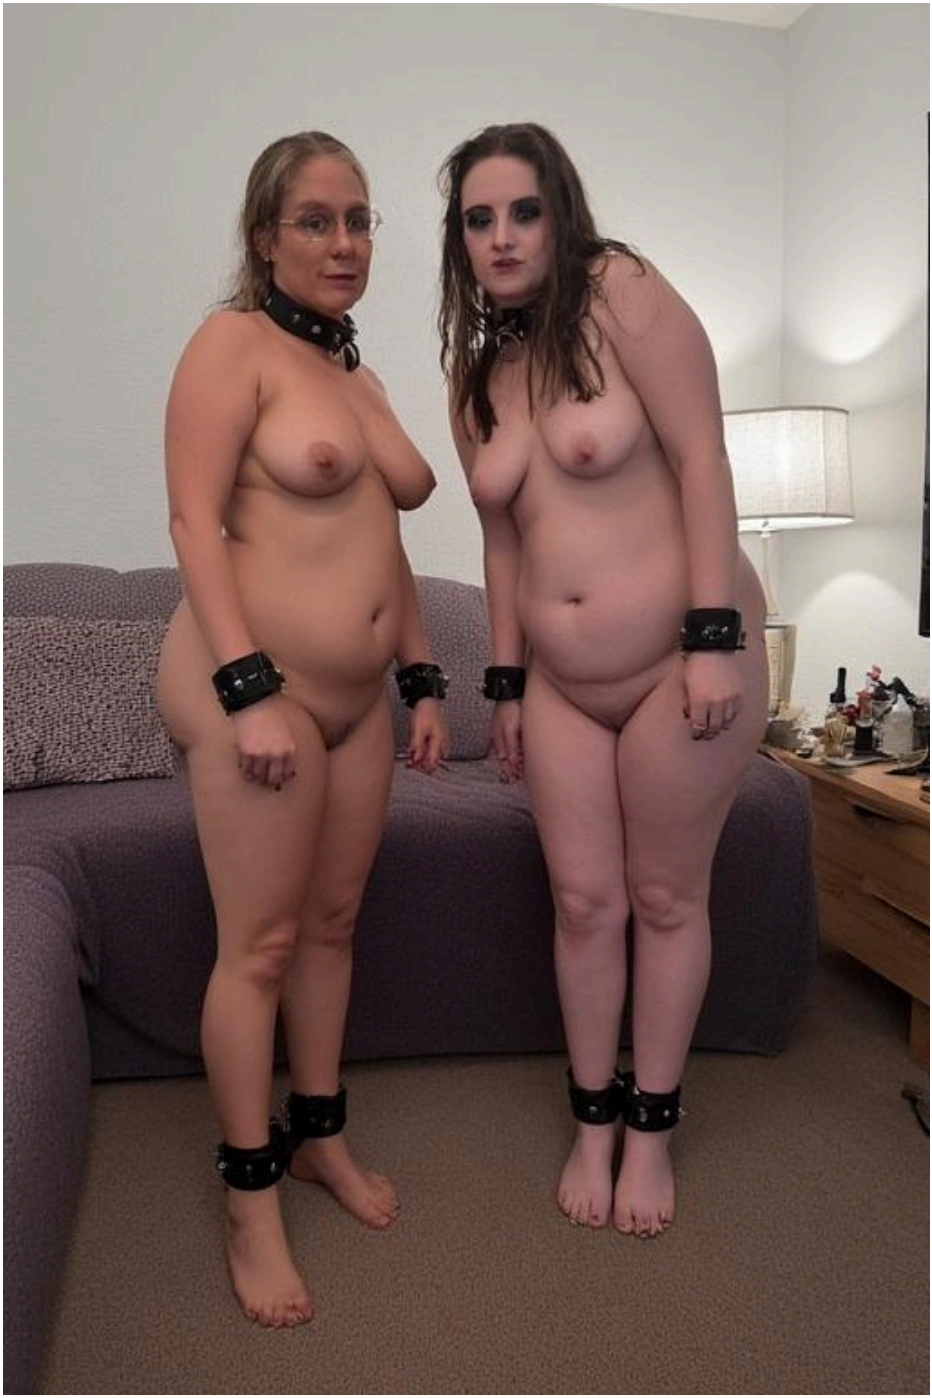








Belly Dancers




Most of you probably remember that article in the newspaper recently, which said that a Belly Dancing Academy was struggling to pay their rent. They set up a go-fund-me page, but got $0.00. Eventually, Sandra, the convener, asked all the women in her class to pose nude or semi-nude. Daunted by the prospect of their class shutting down, they readily agreed to pose for PIG.
